#### LEOPOLD HOUSEKEEPER SAYS SHE RECOGNIZES BATTERED MACHINE

Portable Typewriter Found in Chicago Park Lagoon By Policemen Who Were Directed in Search By Youth's Confession—Hangman's Noose is Trial Issue

CHICAGO, July 24.—(By Associated Press) The heavily typed chisel with which the life of young Robert Franks was beaten out, was in evidence today in the advisory hearing before Chief Justice Caverly, who is to fix the penalty of Nathan Leopold, Jr., and his companion, Richard Loeb.

Bernard Hunt, a neighborhood night watchman, told of seeing the chisel tossed from a passing automobile about 1.30 a. m. May 22, a few hours after the slaying.

"There was fresh blood on the chisel when I picked it up," said

#### PREMIERS TALK ON DAWES PLAN

Herriot of France Visits Downing Street With Italian Finance Minister

Look Askance at Presence Abroad of Messrs. Mellon and Hughes

LONDON, July 24.—(By the Associated Press) The conflict in the views between the French delegates to the inter-allied conference and the American and British financiers regarding the safeguards for the protection of investors in the German loan, proposed until the Dawes plan, remained unresolved today, according to well informed persons. Formal and informal meetings of the delegates this morning produced no indication of a way out of the impasse.

The principal meeting was at Downing Street where Premier Herriot of France, Premier Theunis of Belgium, Ambassador Kellogg and Italian Finance Minister de Stefani had a two hours' conversation with Prime Minister MacDonald.

The greatest significance is being attached to the coming and going of Secretary of State Hughes and Secretary of the Treasury Mellon of the United States, who are having a most difficult task in convincing London that their mission here is unofficial.

#### SCORE INJURED IN BIG RUSH FOR BARGAIN BROOMS

NORRISTOWN, Pa., July 24.—Twenty persons, most of them women, were slightly injured in a bargain counter crush today, when a new store advertised the sale of one cent brooms. Twelve of the women were taken to a hospital suffering from cuts and bruises. The crowd began to gather before the store opened and those nearest to the entrance were pushed against the show windows.

#### DECLINE TO TESTIFY

Railroad Men Refuse to Be Questioned Before Labor Board Hearing

CHICAGO, July 24.—Railroad brotherhood representatives today declined to testify in the dispute with western railroads before the railroad labor board concerning wages and rules of the engineers and firemen on the ground that the board was acting illegally in attempting to hold the hearing.

The employees insist that the

#### VIELICKA THREATENED TO KILL HIS WIFE

"This is your last evening here. I'm going to kill you," is the threat alleged to have been made by George Vielicka when he confronted his wife in a drunken condition last night. Mrs. Vielicka, sporting a blackened eye, told Judge Enright in district court this morning that she was forced to leap out of a window of her home to avoid her husband's wrath. She complained that he abused her last Friday, and again last night and pleaded with the court to teach him a lesson. He was adjudged guilty of drunkenness and placed on straight probation for a period of six months.

#### INSURANCE SALESMEN AT HAMPTON BEACH

Approximately 150 Lowell insurance salesmen, members of the Life Underwriters' association, left in automobiles for Hampton beach at 9 o'clock this morning for their annual outing at the seashore. Practically every life agency in the city was represented in the party.

At Hampton, dinner was served at the Casino at 12 o'clock, followed by an afternoon of recreation and sports. Running races and other events were arranged in an attractive program by a committee headed by Charles Burns of the Metropolitan.

It is not the intention of the insurance men to begin the homeward trip until some time this evening.

## Six Perish as Fire Sweeps Texas Town Causing Million Dollar Loss

RANGER, Tex., July 24.—Six persons are known to be dead, 13 are in the local hospital, and one boy is missing as a result of a fire which early today destroyed a block in the center of the business district, with property loss estimated at more than \$1,000,000.

The fire started in the McCleskey hotel from a gas pocket formed in the building according to belief of fire officials. The flames, seen first on the second floor, spread rapidly, threatening the entire business section.

Hundreds of citizens were aroused and aided those in the McCleskey hotel and the Southland hotel to escape. Many were removed from the hotel with ladders, while others jumped from the second and third story windows.

#### Leopold and Loeb After Pleading Guilty

Here are Nathan F. Leopold, Jr. (left) and Richard Loeb, 19-year-old sons of millionaires, at the bar in Chief Justice John R. Caverly's court, after pleading guilty to the kidnapping and murder of 14-year-old Robert Franks. Attorney Clarence F. Darrow, chief counsel for the defense, is seen standing just back of Loeb on the left. Both of the youthful "intellectuals" were dressed fastidiously as they came into court. And both outwardly were calm as they walked to the bench. Leopold, however, is gazing downward, but Loeb is looking straight at the judge. The strain, though, is noticeable in the faces of both.

#### DRACUT AUTOIST HELD

Grand Jury to Probe Accident That Resulted in Boy's Death

LAWRENCE, July 24.—Edward J. Bailey of Dracut was held for the grand jury in district court on a manslaughter charge today in connection with the death of nine-year-old Lou Tibbault, who was struck by the defendant's automobile here last Sunday. He was released in \$1000 bail.

#### WANT CITY TO PAVE SPACE BETWEEN RAILS

Residents of the upper Gorham street section of the city are loudly protesting the failure of the street department to pave between the rails in Gorham street, between Cosgrove street and the city line, while paving the section of the roadway from the car tracks to the gutters. Several residents of the district have taken the matter up with city officials and now plan to circulate a petition calling for this work.

The condition of the section of Gorham street between the car tracks from Cosgrove street to the city line is so bad, residents of the section say, that the vibration caused by heavy trucks going over the uneven paving causes gas mantles and other delicate materials in houses along the street to break.

If the city cannot afford to pave the whole width of the street, residents of the district say, it should at least fill up the holes between the car tracks with patching material, and this should be done while the street department crew is working on the street.

The condition of the road which is being relaid, it is said, was not very bad, but that part which is between the car tracks and which is not being

#### ILL WIND WHEN SLEUTHS BLEW IN ON MAH JONGG

WASHINGTON, July 24.—Washington's "first Mah Jongg raid" early today resulted in the arrest of 15 Chinese and the seizure of various ivory winds and ancient mythological monsters, as well as 15 modern dollars. The Chinese were accused of gambling.

#### BOSTON BANK MAN ALLEGED THIEF

BOSTON, July 24.—Arthur S. Harding, of Arlington, cashier and teller for Eastabrook and Company, Boston bankers and brokers, was arrested today on a charge of larceny of about \$70,000 from the firm.

Many vegetables that can be grown in very cold climates have been developed by the Indians of the high Andes.

#### TANKER SWIFT ARROW OFF FOR NEW YORK

FALL RIVER, July 24.—The tanker Swift Arrow, Capt. Jose Gomes, which, collided with the passenger steamer Boston off Point Judith Monday night, with the resulting loss of four lives, steamed from this port under cover of darkness at 3 o'clock this morning for New York. It was stated by a local representative of C. D. Mallory, Inc., operators of the vessel, that she was perfectly able to make the trip, because of her bulkheads. The federal steamboat inspectors completed their preliminary physical survey of the Swift Arrow late yesterday afternoon and gave permission to proceed.

Premier Sophoulis, former governor of Macedonia, also will hold the marine portfolio. Other ministers are: Planas, Tsouderos; foreign affairs, Georgios Roussos; war, Kitchakis; interior, Gen. Mavrounlidis, and agriculture, Mitonas.

## CENTRALVILLE ASSOCIATION FAVORS NEW CENTRAL BRIDGE

Approve Proposition Outlined in The Sun and Calling for a More Modern and Larger Bridge Across the Merrimack River in Same Location as Present Structure

Members of the wide-awake Centralville Improvement association came out squarely and emphatically today for a new and wider bridge across the Merrimack river. The association members solidly approved a proposition calling for a modern and larger bridge across the Merrimack in the same location as Central bridge, favoring strongly the broad plan exclusively outlined in detail originally in The Lowell Sun about a year ago.

#### "MOVIE MAGNATE" HELD

Edward Moran Had Big Time Yesterday—Got Drunk, Arrested 'n Everything

Taxi Driver Suspicious of Check—Defendant Tells Court He's Only a Chef

Edward Moran, giving his residence as this city, was arraigned in district court today, charged with the larceny of \$5 from Eldora McGrain, as the result of having motored practically all day yesterday in the complainant's automobile, which he hired for the purpose of doing business in Lowell, Colinsville and Lawrence. He is also charged with drunkenness.

Moran was arrested in Middlesex at his home, 101 Walnut last night after the taxi driver was suspicious of a check Moran gave him in payment for the day's work. The taxi man's bill amounted to \$17, and he returned \$3 to Moran when offered a \$20 check. The police were informed that Moran was inducing men to join a moving picture concern he was sponsoring in New York.

To Judge Enright today he admitted that he has lived in this city for several months, being employed as a chef. He pleaded not guilty to the two charges preferred against him, and was continued in \$500 until tomorrow morning.

## JAPAN HAS NEW RUSSIAN POLICY

Resumption of Diplomatic Relations Expected to Follow as Result

Foreign Minister Shidehara Author of Article That is Generally Approved

TOKIO, July 24 (by the Associated Press).—A new policy toward Russia, on which it is believed the government would be willing to grant recognition to the soviet government, was adopted by the cabinet at an extraordinary session today.

The new policy was presented by the foreign minister, Baron Shidehara, and is generally regarded as fixing Japan's terms toward Russia and as making easier agreement between the

## MASSACHUSETTS MILLS SHUT DOWN AGAIN

Massachusetts cotton mills, which has been operating three days each week except when completely shut down for short periods to meet market business depressions, will once more temporarily curtail all production. It is termed a "ten-day shut-down."

Many men and women operatives, informed that another "closure" had been ordered, expressed their surprise. It was unexpected. Most of the mill workers had cherished strong hopes that the latest start, after several temporary halts of machinery, would mean steadier employment, although none anticipated any longer working hours per week at the present time.

## DRY SLEUTHS RAID FASHIONABLE ROOF

WASHINGTON, July 24.—Launching a drive to stop liquor drinking in Washington's roof gardens, prohibition agents early today raided the fashionable La Parais Cafe roof and arrested five patrons on charges of illegal possession of liquor and drinking in public. The raid was carried out quietly, with no interruption to dance music. The five were released on \$55 collateral for appearance in court today.

Prohibition officials said the raid was "just the beginning."

## SHOE WORKERS WOULD REVISE AGREEMENT

HAVERHILL, July 24.—A wage reduction of 12½ per cent. and restoration of Saturday morning work is asked by the counter and top lift manufacturers in the local industry in a counter proposition presented to the Shoe Workers' Protective union today. The union early in the week presented contracts for renewal Aug. 1 at present prices and conditions. In view of the

recent concessions in hours and wages in the shoe industry, the leather men will refuse to renew agreements without a revision downward. There are 20 factories employing 300 workers involved.

## COOLIDGE STARTS WORK ON SPEECH

WASHINGTON, July 24.—With notification ceremonies for President Coolidge three weeks distant, he began today on the address he will make here August 14.

Much of the material for the address has been in progress of selection for some time, and the immediate task before Mr. Coolidge is the drafting of an outline of the speech. The form of the speech and the method of work determined upon is similar to that followed by him in writing his first message to congress.

Governmental economy and reduction of taxes are to be the foremost subjects treated, with the whole address primarily devoted to the party's record.

## AMUSEMENT NOTES

### KIALTO THEATRE

If you like your drama good and strong and you are an admirer of good acting, you will not miss "Gambling Wives," a lavish and entertaining production that opens at the Kialto theatre today.

The picture deals with a menace to which the average person gives little thought. It is not generally realized that the amount of gambling, and for his stakes, that goes on among the idle rich. Both husbands and wives are guilty of this malicious practice. In "Gambling Wives," the husband loses the family savings in a "social" gambling game with the boys. The wife, to help him, resorts to cards to gain back the money, but also becomes involved in a web of debt. How both husband and wife struggle to become

their former selves and how they rid themselves of the gambling habit, makes this picture a highly interesting one and one that will appeal to all classes of theatregoers. A stupendous cast interprets the story and the settings are all elaborate and lavish. In the cast are such names as Marguerite Law, Edward Earl, Ward Crane, Charlie Murray, Florence Lawrence, Debra Hopper, Lee Moran and Betty Francisco.

Other pictures on the program include Neel Hart in "Bourgeois Raoul," and "Frightful Day" on our Gang comedy and a new Fox News.

**MERRIMACK SQUARE THEATRE**  
The comedy delight of the year is "Happiness," the second motion picture made by Laurette Taylor for Merrimack Square theatre. Miss Taylor is simply ravishing as a happy-go-lucky

little shopgirl who brings the joy of living into a home, made colorless by too much wealth. Her personality is a sure cure for the "blues." There is another attraction on the bill, too. Paris contributed her most beautiful scenes in the making of "Don't Marry for Money," in which House Peters is starred. These scenes are photographed in their natural colors, and that feature is one of the most interesting of the picture—especially to the ladies. Respite from the heat of the day may be found here, in the quiet relaxation engendered by a perfect entertainment and comfortable surroundings.

**NEW WRINKLE**  
A new wrinkle is to tie the scarf in the back instead of the front. This is particularly effective with scarfs of chiffon or georgette.

## MENJOU'S TYPE TO DIS-PLACE "SHEIK"

BY A. H. FREDERICK  
N.E.A. Service Writer

HOLLYWOOD, Calif., July 24.—The celluloid industry has caused Hollywood to become the world's greatest emotional laboratory.

Scalpel and saw are used upon the public while experts check the reactions to each emotional incision.

Instantaneous pulsation of the box office was noticeable when liberal doses of the he-man type of hero—Francis X. Bushman, Thomas Meighan, Bill Hart, etc.—were administered. A heart fluttering so intense as to border upon prostration followed Valentino and his train of sheiks; Charles Ray and the boyish school got good response—and yet the experts were not satisfied.

The answer is Adolphe Menjou. So gradual has been his ascent, so unattended by glare of press agent trumpeting that recourse to his fan mail is necessary to realization that the peace of American manhood is threatened by this new character of "mental sheik."

Yet such is the case. His growing popularity may soon establish a new criterion in masculine standards; may cause us to convert our bell-bottom trousers into stiffly correct high collars and unwrinkled bow ties; may make us smile condescendingly at our women instead of beating them about the head when they refuse obedience.

Menjou typifies the unruffled lover, the blasé captivator of women, the superior being whose indifference plagues the vanity of the opposite sex until any effort is not too great if they can awaken this man to some show of emotion.

That, gentlemen, is the predicted 1925 model!

"Much of my fan mail comes from young ladies of the 'Sheba' age," admits Menjou. "But the vast bulk of it comes from ladies more matured, the housewife of 30 to 40, and of even ripe age."

"Most essential is thorough knowledge of women," he declares. "You are to be their master because you understand them so well, and they understand you so little."

"Every action of yours is calculated, result known before the action is started."

"Always deferential, but in a strictly concealed, condescending manner."

"Always correctly and faultlessly

dressed, which impliedly demands the same of them."

"Always do exactly the right thing; be thoroughly at home in cafe, club or at entertainments of all natures."

"Above all, let each of your actions revolve around a studied indifference."

Menjou, through a series of pictures starting with Douglas Fairbanks' "Three Musketeers," and continuing through two recently completed Paramount productions, "Open All Night" and "The Fast Set," has come to be known as the most accomplished Frenchman of filmdom.

But let Old Glory wave, he was born in Pittsburgh, Pa., received his education at American schools, and has to go further back than his generation to account for the Frenchness of "Adolphe Menjou," his private as well as professional name!

### COMMODORE BALLROOM

Another "Gift Night" will be held at the Commodore ballroom this evening and valuable prizes will be distributed to lucky persons. Roland Richer is also on the program and will entertain with his specialty number, entitled the "Scarecrow Dance." Dancing will be by check and the admission is 10 cents. There will be check dancing at this hall Friday and Saturday evenings.

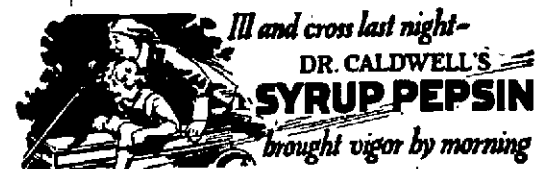

### PRACTICAL DRESSES

Attractive and practical dresses of blue and white striped or dotted georgette crepe are trimmed with wide bands of blue crepe.

## How To Keep A Child Healthy

A GENERATION ago parents thought that sickness was a part of a child's life, but we know better now. The secret is in the food the mother allows the child to eat, and in watching that elimination occurs regularly two or three times a day. Mrs. J. Russell of 19,141 Havana Ave., Detroit, Mich., keeps her family of two young children in perfect health with Dr. Caldwell's Syrup Pepsin, and Mrs. R. L. Smith of 519 Maple Ave., East Pittsburg, Pa., says her family of three children have never been sick a day since giving them Syrup Pepsin.

### A Substitute for Physics

Dr. Caldwell's Syrup Pepsin is a scientific compound of Egyptian senna with pepsin and suitable aromatics. The formula is on every package. You will find you do not have to force children to take it, and it is much better for them than castor oil, calomel or coal-tar drugs like phenolphthalein even if covered with sugar or chocolate. Syrup Pepsin is mild and gentle in action and your child will have an

easy passage without griping or strain. It does not contain narcotics, and you can give it with absolute safety to an infant at the breast.

### "Magic" in a Teaspoonful

Every store that sells medicines sells Dr. Caldwell's Syrup Pepsin, and the cost is less than a cent a dose. Give half a teaspoonful to any ailing baby or child at night when you put it to bed and you will find a happy, laughing youngster in the morning. Take Syrup Pepsin yourself when constipated, and give it to any member of the family young or old, for any ailment due to constipation, such as biliousness, headache, lack of appetite, sleeplessness, bad breath, cankers, fever sores, indigestion, and to break up fevers and colds. Stop that first sneeze or sniffle and you will have a healthy winter.

### You Can Have A Trial Bottle

## ALARMS TWISTED FOR MIDNIGHT FIRE

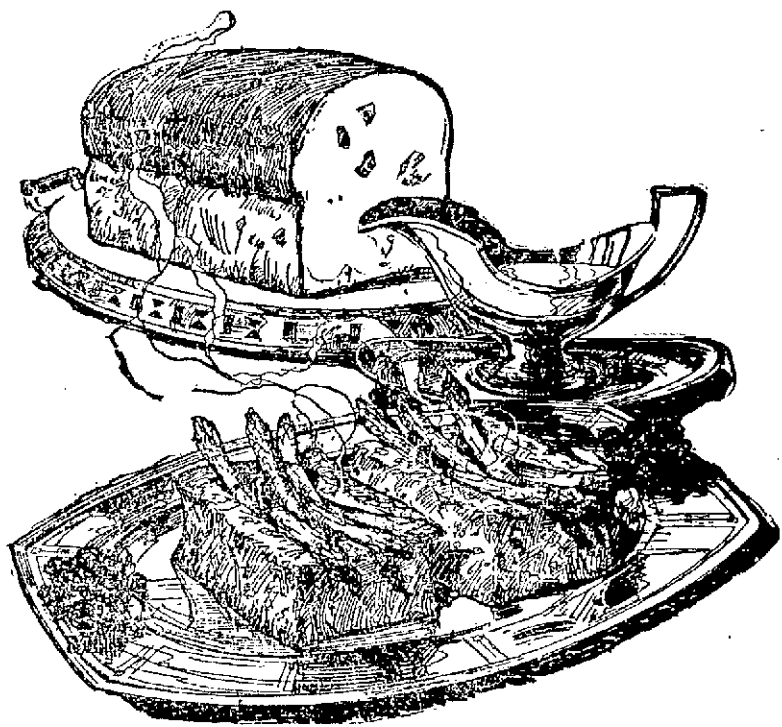

Proof that the fire alarm signal system of the city is in a most unreliable condition and is not trustworthy was given shortly before midnight last night when an attempt was made to send in Box 41, Lincoln and Chelmsford streets. Almost everywhere the first round sounded as Box 121 and for three rounds in the North common district it was Box 126 that was sounding. Naturally the apparatus had some

difficulty in locating the right neighborhood.

The alarm was sounded for an automobile fire and was not serious but the possibilities are evident.

Only yesterday Chief Saunders again warned of the unsafe condition of the system and declared that some recognition must be taken of it at once if the city is to receive any protection whatsoever.

## Real, Old-Time Goodness

THERE'S a delicious, old-time flavor in Old Home Potato Bread that no one can resist. It's a taste like mother's own bread always used to have—and who could ever forget that? Most of us look back and think nothing else ever was quite so good.

Old Home will please you from the first, and you'll like it better as time goes on. You'll like that real, home-made flavor, and you'll like the long loaf in which this bread is made, too. It goes farther, and gives slices of the nicest size for every use.

### Betsy Ross Bread

This fine loaf, made with milk and other rich ingredients, has a goodness distinctly its own. It is used daily in many homes throughout this community—eaten and liked because it is both flavorful and nourishing.

## COLLEGE TRAINING FOR AMERICANS RECEIVED AT THE VATICAN

CLEVELAND, O., July 24.—Fiat denial of the popular idea that college girls for the old-fashioned "womanly" occupations is made by Miss Anna Louise Slusser, alumnae secretary of the College for Women of Western Reserve University here.

In order to find out if college women were using their training for practical purposes, Miss Slusser sent questionnaires to 1500 graduates. Replies were received from 147.

They showed that 1020, or 72 per cent of the alumnae are engaged in home making or teaching, and that very few are following business careers.

"The only other occupations well represented," says Miss Slusser, are those of secretary, librarian and social worker. And to gain admission to these professions, additional study must be taken following completion of arts courses.

We don't question the excellence of the home making and teaching professions. But it is a well demonstrated fact that not every woman has the opportunity to become a home maker, and the teaching profession is a crowded one. The problem of the woman graduate today is much the same as that of the old-fashioned gentlewoman suddenly cast upon her own resources: what can she do to earn her living?

"A few can afford to spend more time and money for professional training. They become lawyers, dentists, librarians, etc.

"I think of the business and professional opportunities open to women today, of which this list gives but a suggestion! The little 16-year-old graduate of business college can slip in on the strength of her varying ability to take dictation and run a typewriter, but the college woman—mature, cultivated, refined as she may be—is barred because she doesn't have the passport, business training.

"Modern business is eager to absorb all the college men who are willing to begin at the bottom. It finds all sorts of things for them to do. It never demands preliminary business training of college men.

"The college woman is just as willing to start at the bottom, but modern business' one place for starting women seems to be at the typewriter.

"In increasing numbers the woman college graduate wants to earn her living or must do so. If all these kinds of business need women, surely they must want the best—the college women. Is it business or is it the college which must solve the problem?"

## SLATER MILLS HEAD THREATENS CLOSING

WEBSTER, July 24.—H. N. Slater, president of the Slater company, has sent a letter to the selectmen stating that if the selectmen do not grant permission to the New England Power company to sell the mills electricity, he will close the Slater mills. If the mills are closed 1300 employees will be thrown out of work.

board cannot deprive them of British legislative rights of liberty of contract and their legal right of collective bargaining, and that the inference of the board is unlawful and an aid of the railroad program to delay negotiations." Mr. Richberg asserted. The labor board is seeking to force the employees to become parties in present hearing, but the device of summoning them to appear as witnesses in "behalf of the employees." The labor board has no more power than a court to select witnesses for parties and has no more power to force either railroad or employees to their parties or proceedings before the board.

Donald Richberg, counsel for the brotherhoods, submitted a statement outlining this decision in reply and to the board's order to testify.

"The employees refused to submit their controversy to the so-called decision of the board, not only because the action of the board is premature, but also because the board is not an impartial tribunal. The chairman has repeatedly and gratuitously made public attacks on the representatives of the employees and on the policies of their organization and has qualified himself as acting as an arbitrator."

NEW YORK, July 24.—Miss Blanca Lourdes, who came to the United States last Monday on the steamer, American Legion, which also brought Luis Angel Firpo, the boxer, sailed for Havana today on the Esperanza.

## CITY AUDITOR IN FITCHBURG SUICIDE

FITCHBURG, July 24.—City Auditor Frank D. Page, 69 years old, for 22 years a municipal official, killed himself at his home here today by inhaling illuminating gas. It is believed that long illness made him insane.

BOSTON, July 24.—Major General Eli A. Helmick, inspector general of the United States army, is at Camp Devens today for tactical inspection. He arrived in Boston this morning from Washington and will stay at the camp overnight.

## Leopold-Loeb Trial

Continued

Hunt. The relic was given to the court.

Bernard Hunt, a night watchman, said that at 1.30 a. m. on May 22, "a maroon car with red disc wheels and bright metal headlights" passed him as he was standing at 45th street and Greenwood avenue.

"What happened?" asked Mr. Crowe. "As the car slowed for the turn, a man in the rear seat raised up and threw out a chisel."

The chisel also was inspected by Albert Hublinger, hardware store clerk, who said that the state's exhibit resembled a chisel he sold to Leopold and Loeb. Hublinger also told of having sold rope to the young men.

The rope, claimed by the state to have been that with which the young victim was tied, was introduced in evidence.

Arnon Adler told of having sold a pint of "chemically prepared hydrochloric acid" to Nathan Leopold. He had sold no acid of that strength for some three years, the witness said. It was the strongest grade obtainable, he added. The state offered the bottle in which the acid was sold.

CHICAGO, July 24 (by the Associated Press).—Elizabeth Sattler, maid in the home of Nathan Leopold, Sr., today identified on the witness stand an Underwood portable typewriter which she said resembled a machine she had seen in the room of her employer's son. She was called by the state on the hearing which is to determine the penalty to be imposed on Nathan Leopold, Jr., and Richard Loeb

the kidnapping and murdering of 17-year-old Robert Franks.

She added she had seen Nathan, Jr., use such a machine many times. It was on this kind of machine the ransom letters were typed.

She was questioned also about the storing places of the automobile robes in the Leopold home.

A fuzzy greenish and badly churled robe, said by the state to have been the remnants of the blood-stained robe which the two boys attempted to destroy by soaking in gasoline and burning on the lake front, was offered in evidence. The witness said she had seen a similar robe in the Leopold home.

## Students on Stand

Four University of Chicago students, classmates of Leopold in the law school, were called to tell what they knew of the typewriter. The best they could do was to say the machines they saw at the Leopold home were "portables."

The portable Underwood offered in evidence by the state was the one grappled from the bottom of a park lagoon by the investigators after the confession of the two youths.

## Noose Is the Issue

As a part of their plans to cover their crime, the state pointed out in its opening statement yesterday, Loeb had jerked the letters from the machine with pinchers, and thrown them scattering them in the lagoon. The bulk of the machine and its cover were tossed into another part of the lagoon.

The noose is the issue of the battle of evidence started before Judge John R. Caverly yesterday. State's Attorney Robert E. Crowe has demanded death

as punishment. The defense hopes life imprisonment will be the sentence after alienists have testified that the youths are mentally irresponsible.

## FIND ANCIENT TOMBS

HALLE, Germany, July 25.—Tombs of warriors that are believed to have fallen in battle about 500 A.D. have been discovered in connection with excavation work undertaken at Houdon near Halle. The warriors were buried with their weapons. Both the skeletons and the arms are well preserved, and are to be brought to the provincial museum of Halle.

## Too Hot for Comfort

Continued

The temperature was 67 degrees and at the same time yesterday morning it stood at 73. The maximum reached yesterday was 89 degrees at 4 p. m.

Indubitably it is considered cooler at Fairview dam-side than in many other places in the city, the square for instance, where all forenoon the mercury was extremely agitated as it jumped point by point until the 94-degree graduation was reached at 11.30 o'clock. At that time, and for some time previous, the thermometer was in the shade of the buildings, although earlier in the morning it had been subjected to more or less direct sunlight.

The heat was so pronounced today as to keep the usual Thursday morning shopping crowd down to extremely small proportions and with the closing of the stores at noon the streets practically were deserted.

No hot prostrations were reported up until early this afternoon, although hundreds of persons felt the heat more than on any other day of the summer.

## GERMANS TAKE KINDLY TO AMERICAN BAR

BERLIN, July 24.—A "drink it standing up" bar, designed along the lines of the American quick lunch stands, is making inroads upon the old-fashioned Berlin beer-halls, where Germans for many years have been accustomed to sit about for hours and sip their beer. In the "stand-up" the customer gets his beer at the bar, pays for it and steps over to a wait-high table where there are no chairs. Here he drinks his beer in a minute or two, instead of an hour or so, and hurries off to his business.

## SIOUX CITY STOCK

YARDS KEPT BUSY

SIOUX CITY, Iowa, July 24.—The first half of 1924 has been the greatest period in history of the Sioux City stock yards from the standpoint of number of animals handled. More than 2,545,000 cattle, hogs and sheep have been received here since the first of the year, an increase of 500,000 over the like period of 1923.

The yards also continued to hold their place as one of the largest markets in the world for hogs. More than 2,500,000 porkers have been marketed thus far this year, with receipts for the year estimated to exceed 3,500,000.

Chicago, St. Louis and Omaha are the only other markets which have passed the two million mark, according to yard officials.

## SICK WOMAN MADE HAPPY

Entirely Restored to Health  
by Lydia E. Pinkham's  
Vegetable Compound

Mart, Texas.—"I have taken Lydia E. Pinkham's Vegetable Compound to build me up as I was all run-down, nervous and sick. I ached and hurt all over so that I was often compelled to go to bed, and I had to have most of my work done. No medicine seemed to help me until one of my neighbors who was taking the Vegetable Compound insisted on me trying a bottle of it. The medicine helped me from the first, and the best of all is that I can even sew again without that awful, nervous feeling I was used to having. And I used to take crying spells, with such a blue feeling that I cannot explain. Now all that has left me. I feel so cheerful, and I have gained in weight, sleep well and eat hearty. Oh! I wish I had words to express what this medicine has done for me! I am a housekeeper and do every thing from the sewing to the washing now and it doesn't hurt me. You may use my letter in any way you wish. I will be glad to help any suffering woman, to the road of health and happiness."—Mrs. B. F. BRANNON, 404 Travis Ave., Mart, Texas

The Rio Janeiro government has issued a decree permitting the free entry of livestock and by-products in view of the difficulties encountered by provisions supplying cities.

**FIND IRIDIUM**  
EDMONTON, Alberta, July 24.—Iridium, a valuable mineral, has been discovered on the upper waters of Peace river by the Canyon Gold Mining company, said a representative of an Edmonton syndicate, who filed a claim for ten miles along the river.

## WARNING

WHAT KIND OF IRON HAVE YOU BEEN TAKING?

The Newer Compound of Iron Containing Organic Iron Like the Iron in Your Blood, or Ordinary Metallic or Mineral Iron—It's Important to Know the Difference—How to Tell.

A child must have lime to make bone, but it gets organic lime from milk and not mineral lime from lime rocks. So the millions of red blood corpuscles in your blood must have iron, but nature-put food iron—not mineral iron—for your blood in the husks of grains and the roots and skins of vegetables. Good methods of cooking throw them all away, hence the alarming increase in anemia—iron starvation of the blood, with the devastating weakness, nervousness and other attendant ills it brings. You should either go back to nature or take the newer form of food iron to make up for this great loss and maintain your health and mental vigor. The iron that people usually take is mineral or metallic iron and is made merely by the action of strong acids on small pieces of iron. The newer form of iron is like the iron in your blood and like the iron in the husks of grains and roots of vegetables. It is so prepared that it is ready for almost immediate absorption and assimilation by your blood, while some physicians claim mineral iron is not absorbed at all. This newer form of iron may be had from your druggist under the name of Nuxated Iron. It costs much more to make Nuxated Iron than it does to make mineral or metallic iron. But your health is at stake, get the best. Your money will be refunded by the manufacturers if you do not obtain perfectly satisfactory results. For sale by all druggists.

## MURDERER IS GIVEN PARDON

New Jersey Board Frees  
Russo for Exceptional Conduct in Confinement

Risked Life Serving Voluntarily in Hospital Ward During Flu Epidemic

TRENTON, N. J., July 24.—Although his term would not have expired until June, 1932, Anthony Russo, imprisoned for murder on June, 1917, has been granted a parole by the court of pardons. The fact that he has a mother and blind brother in need of support was also considered.

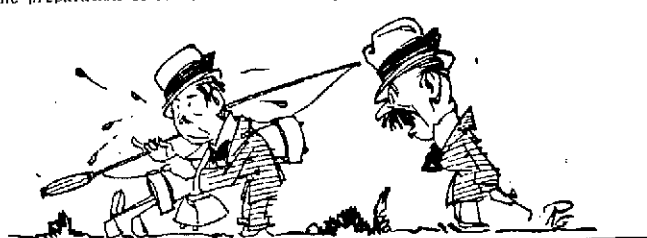

According to the report of physicians, Russo served both night and day at the risk of his own life in the hospital ward during the influenza epidemic. In addition to that, he has acted as interpreter since his admittance, speaking Italian and three South European dialects. The killing for which he was sentenced occurred while he was under the influence of liquor.

## IN NEW YORK

By Stephen Hannagan  
NEW YORK, July 24.—New York is a deserted village over week-ends. Everyone, it seems, rushes to the beach or country for a breath of purified air. Consequently it is the one time of the week when it is a pleasure to be in New York. No rush or flurry; no one to disturb the tranquillity of a great, deserted city; it is as peaceful as a cross-roads hamlet gone a-fishing. It is then the quiet open spaces of beach and country adjacent to New

## WHERE ARE YOU GOING FOR YOUR VACATION?

"Where are you going for your vacation?" a friend asked Mr. Mann of Anytown.  
"Some of place, Salt Creek!" replied Mr. Mann.  
"Why don't you ever change?"  
"Too much trouble finding a new place."  
That's the attitude of many vacationers. And it isn't a particularly good one to adopt, if the proper results are to be gotten.  
The fundamental purpose of a vacation is to allow a complete change of life, habits, surroundings and people. There should be a change of scenery, a change of food, change of the preparation of food.

York becoming seething, swarming, steaming cauldrons of humanity.

Six hundred thousand people visiting Coney Island last Sunday.

When the Saturday rush out of New York takes place railroad stations are jammed, suburban trains are filled, ferriesboats are taxed to capacity.

By Sunday afternoon New York is delightful to the few who remain behind. There are seats on buses, subways and street cars. One can cross the streets in comparative safety. Sunday traffic is but a bleached skeleton of its week-day self.

Monday morning the frenzied influx begins. Sunburn and aching bones make New York irritable. The crowds complain until Wednesday, then start planning for the coming holiday.

I love the country, but New York is too restful on Sunday to leave.

The most popular place in New York for sailors off Uncle Sam's men-of-war is Central park. They row about on the lakes for hours in small boats.

Along the Harlem river at the north end of Manhattan is a bungalow as a cross-roads hamlet gone a-fishing. It is then the quiet open spaces of beach and country adjacent to New

In such vacations the psychological values that result in the greatest benefits to the vacationer. A return to the same place year after year; a meeting of the same people—all such samenesses leave little to the imagination and offer few surprises. In brief, they are all right, but they are psychologically off key.

The ideal vacation would be one in which all persons could go back to boyhood simplicity of mind and play; a complete making over.

Since this is impossible to most people, get the next best thing; as complete a change as is possible each year.

To the Honorable the Judges of the Probate Court in and for the County of Middlesex, that she was lawfully married to Spencer P. Kennard, of New York, in the County and State of New York, at Boston, in the County of Suffolk and said Commonwealth of Massachusetts, on the sixteenth day of October, A.D. 1914, and thereafter your libellant and the said libellee lived together as husband and wife in this Commonwealth to wit: at Lowell, in said County of Middlesex, at said Boston, at Malden, in the County of Essex, and at New York, in the County of State of New York, that your libellant has always been faithful to their marriage vows and obligations, but the said libellee being wholly regardless of the same, at said Malden and at said New York, on divers days and times, was guilty of cruel and abusive treatment towards your libellant.

Wherefore your libellant prays that a divorce from the bond of matrimony between your libellant and the said libellee be decreed, and that the care and custody of their minor children, Spencer Parry Kennard, Junior, and William White Kennard, may be decreed to her.

Dated this ninth day of July, A.D. 1924.

MARCELINE M. KENNARD.

Commonwealth of Massachusetts—Middlesex, ss. Probate Court.

Upon the foregoing libel, ordered, that the said libellant give notice to said Spencer P. Kennard, by causing an attested copy of said libel, and of this order thereon, to be published in The Lowell Sun, a newspaper published in Lowell, in the County of Middlesex, once a week, for three weeks successively, the last publication to be four days at least before the return day of this Court, at Cambridge, within the County of Middlesex, on the eighth day of September, A.D. 1924, and by failing forthwith, by registered letter to the libellee at his last known residence an attested copy of said libel and of this order thereon; that he may appear at said Court within one month from said eighth day of September and show cause, if any he has, why the prayer of said libellee should not be granted.

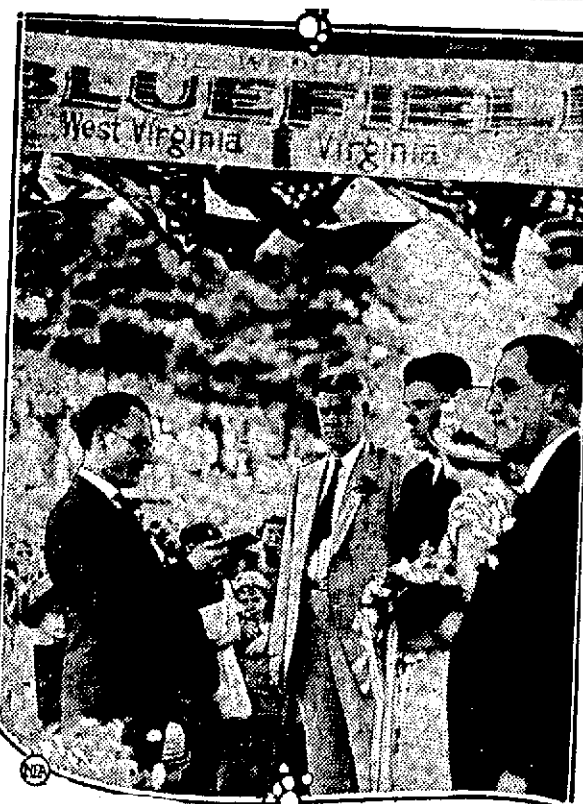

Witness, George P. Lawton, Esquire, first Judge of said Court, this twenty-third day of July in the year one thousand nine hundred and twenty-four.

CHARLES N. HARRIS, Register.

The foregoing is a true copy of said libel and of the order thereon.

Attest: CHARLES N. HARRIS, Register.

THE "WEDDING" OF TWO CITIES  
Bluefield, W. Va., a city of 35,000, and Graham, Va., a town of 8000, just across the state line, have become one. An actual wedding, symbolical of the union of the two municipalities, was staged on the boundary. For the first time in the history the governors of the two Virginias participated in a joint celebration. Governor E. F. Morgan of West Virginia is seen at the left of the bride couple, and Governor E. Lee Trinkle of Virginia at the right. The combined towns now are known as Bluefield, W. Va.-Va.

## Are You a Blonde?

Nothing attracts more attention or admiration than beautiful blonde hair. That is why blondes always have a charm all their own. The only unfortunate thing about blonde hair is that it has a natural tendency to darken, streak or fade as one grows older. Then blonde hair is anything but beautiful. But now a way has been found to correct the natural darkening of blonde hair. And it's so simple and easy. You simply shampoo your hair with Blondex, which is a new shampoo that keeps hair from darkening—but actually brings back the original golden beauty, even to the most faded and darkened blonde hair. Blonde hair is a gift you should cherish dearly. Don't allow it to become dull, streaky and muddy looking. Get Blondex today. Money gladly refunded if not delighted with first shampoo. ## WOMAN'S PARTY TO HOLD ELECTION CONFERENCE

Lowell members of the National Woman's party have just received formal notifications calling attention to the organization's election conference, which is to be held at Westport, N. Y., Aug. 15, 16 and 17 next. Plans are to be made for the election of women to congress. Members the coming year have been invited to bring with them the names of suitable women candidates from each state, who would work for their interests.

A most elaborate program has been arranged for the woman's party election conference, according to announcements now being distributed in many homes in the city of Lowell. On Friday, Aug. 15, there will be a trip to points of interest in the Adirondacks.

as a starter on the list of attractions. All members of the conference will be taken on this trip as the guests of the Westport members and friends of the woman's party. At 5 o'clock, there will be a tea for conference members in historic King's gardens, Fort Ticonderoga, with Mrs. Stephen Pell, hostess.

There will be a business session on Saturday morning, starting at 10.30 o'clock. The "election policy" of the woman's party will be outlined and approved at that time. In the afternoon, at Westport Inn, there will be voting on questions affecting the organization and its directorship. All women are eligible to attend these meetings, but may not cast ballots.

At 7 p. m. there will be a "subscription dinner" followed by a pagoda "in honor of women who have fought for the freedom of women."

Westport, N. Y., is on Lake Champlain in the upper Adirondacks. It is easily reached by train from Boston via Albany. Inexpensive lodgings and meals can be secured in private homes in and around Westport. Reservations for members are to be addressed to the hospitality chairman, Woman's party headquarters, Westport Inn.

## ARMY AIRMEN CAN DISSIPATE FOG BY SPRAY OF TREATED SAND

Will Use Special Plane for This Purpose in Welcoming Returning World Fliers to Boston—More Naval Vessels Leave for Escort Patrol Work

BOSTON, July 24.—Those preparing to welcome the round-the-world fliers on their return to native shores along the New England coast are leaving nothing that army thoroughness can anticipate. The latest instance of preparedness was seen today in a plane equipped to dissipate fog. An army of fliers at the East Boston air port where the fliers will land, said it had proved its ability.

Spraying electrified sand down through the vapors, it was explained, the plane opens a path by liquifying the moist particles, causing them to fall as rain. Whether the rains so caused will fall at sea, or on the heads of summer visitors at Maine resorts, is available in an emergency.

## Do you know Baseball?

by Billy Evans

Questions. Kindly give your opinion of this play, as there is a 16-inning scoreless game depending on it. Left-hander at the bat, runner on second, when batsman hits line drive to the side of the pitcher on which he could make no play. The umpire standing close to second was hit on the head. The contact between the ball and the pitcher on the ball, as the contact was slight, and it continued on its way to the outfield, getting past the fielder. The batsman made the circuit, scoring the runner at the first. The result was a foul ball. There were no strikes on first and no runners on base. The strike or is it treated as an accident, the ball becoming dead?—R. C. H.

Answers. A happening was a tough break for the team at bat, but when the umpire is hit by a batted ball, on which no play has been made, the ball becomes dead. The runner is entitled to first and no runners on base unless forced. The runner on second simply remains there and batsman goes to first.

It is a strike. When bat comes into contact with a wildly pitched ball, whatever happens is legal. It ball had bounded into fair territory it would have been a fair ball.

## OLYMPIC HORSEMEN AT VILLA COUBLAY

PARIS, July 24. (By the Associated Press).—Twenty-two riders reached the Villa Coublay from Antwerp today in the Olympic cross-country equestrian competition. They included Major Sloan Doak of the United States and representatives of 11 other countries, all European.

The distance covered in the contest was 22½ miles. The horseman had to negotiate some five miles through alleys, 2½ miles over the steeplechase track at the Autoull race course, nine miles of road and the rest open country.

They had to jump a 12-foot brook, a five-foot wall and five-foot gate. Another American rider who finished was Lieut. Frank L. Carr, Fort Meyer, Va. The other two American starters, Maj. John A. Barry and Capt. Vernon L. D. Baggett, both of Fort Meyer, did not finish.

## WILLIAMS TELLS OF MEDAL GOLFING

BY JOE WILLIAMS

How did the idea get around that the player scoring lowest in a qualifying round could not win the championship? You hear much of the link which supposedly encircles the neck of the golf medalist. It is the ghost story of the links.

Let a contestant go out and lead his field in the qualifying test and he had as well hang up his sticks without further ceremony, for the winner and the medals in the linkers will terrify him into defeat the very next day or shortly thereafter.

This is a popular myth and many of the star players believe it to be so. So great is their belief that they purposely throw away strokes in order to escape winning medals.

Now what is the answer? Is a golf medalist invariably doomed? Doubt be foolish. A lot of medalists have won national championships. Walter Travis won two national titles after leading qualifying fields. R. G. Sargent, Edna did not find the medal a handicap back in 1901. Neither did Jack Gault in 1909, or Harold Hilton in 1911, or Davey Hutton in 1913.

Since 1910 five women medalists have gone on to win the national championship in this country, namely, Dorothy Campbell, Gladys Casperson, Mrs. C. H. Vandenberg, Alexa Fleming and Gussie Collett. If 1924 is any indication, show the medalist as not necessarily whipped in the beginning. It is true a big percentage of the medalists fail to survive the finals. A bit of research work would probably show that players who ranked second and third to the medalist fall just about as often.

This brings you to a probable explanation. If you are good enough to lead your field on opening day it is proof you are playing your best golf. Tournaments usually last a week. Golf form is elusive. Few men hold the thin edge of perfection that long.

The medalist begins to bog down in the middle of the big field starts and soon he is craved from the scene. Some other player who barely qualified, perhaps, will come along, getting better as the rounds pass, and win out. Medalists aren't jinxed. They merely reach top form ahead of time.

## SILESIA SWATTERS DEFEATED AT WARE

A ninth inning rally caused a 4 to 3 defeat of the Silesia Mills team by Central Twilight League club at Ware, last evening. Until the final frames, the teams were battling in a 3-3 tie and it looked like extra innings until Altrud, first Ware batter in the ninth, singled, took second on a sacrifice, then drove in a run with a single, and scored on a sacrifice fly. Silesia outlasted Ware, 8 to 6.

TOMORROW NIGHT  
Americans vs. Bellevue.

A resounding signal into left field by Leslie Atkinson when the score was deadlocked at one all, wrote a 3 to 1 defeat on the pages of Butler baseball in a City Twilight League game on the South common last evening. Ricardo's Belmonts winning the verdict in the prettiest clash of the week.

The game was a nip and tuck affair all the way through with Duke Carroll and Bobby Lawless engaging in a sweet pitcher's battle. Until the sixth, Carroll was invincible, holding the Belmonts to one solid out. His relaxation in the sixth, however, cost him the game, as George Carr and Atkinson injected telling blows into the pastime, and it was all over.

During the game three valuable prizes, donated by Frank Ricard, were awarded to fans holding lucky tickets. A mesh bag was won by Joseph Hyman of 10 Watson street, a pearl necklace by George of 104 E. Lincoln street, and a cigarette case by Joseph Fitzgerald of 15 Tenth street.

## Billy Evans SAYS

Is it better to have had a fast ball and lost it than never to have boasted one?

In the major league today a good fast ball is considered most essential to success. The pitcher who lacks one is decidedly up against it.

True, few pitchers are able to use a fast ball as a steady diet for the batters and get away with it, yet it is a great weapon when used as a threat.

The majority of the present-day pitchers stars achieve success because of their varied assortment of stuff and the ability to mix it up.

In the success of this system, speed plays a prominent part. When the curve or the slow one loses its power of deception, the pitcher has the old fast ball in reserve, something a little different.

It is for the pinch that speed proves a great weapon for the pitcher. It forces the batsman to look over his best bet, drives him into a panic, and enters with it a striking threat.

Only a few pitchers boast a fast ball, one of terrific speed. Such a fast ball is a gift of nature, and a gift of a very minor backed by great power is a Walter Johnson.

It is such a pitcher who really feels the loss of the fast one, unless he prepares for such a happening.

Unless the pitcher endowed with a great fast ball puts thought into his frame, learns the tricks of the trade, he better never to have had a speed ball.

I could name a score of pitchers who achieved big league fame entirely due to the fast ball they possessed. Literally these pitchers threw the ball by the batter, figuring they couldn't hit what they couldn't see.

When the old fast ball began to lose its zip the batters quick to discover it, took advantage of the fact, and soon the pitcher was out from under the big left leg. He failed to provide for the day when the fast one lost some of its swift, as Nick Altrock would say.

Walter Johnson, Grover Alexander and Joe Bush are a trio of great pitchers who won early fame because of their terrific speed, the ability to throw them by the batter. No longer do they resort to speed exclusively, yet they continue star twirlers.

Johnson, Alexander and Bush had a thing for the future. They developed a pitching style that would carry on after the first one lost its bullet-like speed.

The career of this great trio should serve as a lesson to every pitcher who yearns for a long career.

Win By Single Run Margin —Senators Take White Sox Into Camp

St. Louis Blanks Athletics—Cleveland Trims Boston in Free-Scoring Game

NEW YORK, July 24.—The Detroit Tigers lost first place in the American league after 24 hours' occupation in favor of the Yankees who today once more lead the parade by the usual half game margin.

The Detroit-New York clash ended in the Yankees' favor by 4 to 3. Concentrating their attack in the fourth inning, the Senators took the White Sox into camp by 4 to 2. It was Washington's third victory of the series over Chicago.

Gray, the Athletic recruit sensation, was off for the St. Louis' postoffice off a 7 to 0 win. Boston defeated Cleveland, 16 to 12.

McQuillan, who left Cincinnati down with three hits, was the whole show for the Giants 3 to 1 decision over the Reds.

Following by a bad choice of pitchers, Chicago scored enough runs in the first inning to win from Boston 5 to 2. Brooklyn riveted itself firmly in third place by snatching a 4 to 3 victory from Pittsburgh in 10 innings.

The Phillies made its fourth straight win from St. Louis to the tune of 5 to 5. Cy Williams raised his home run total to 11 and Hornsby registered his 12th circuit ball of the year.

## ABBOTS SHAPE UP WELL

Look for Victory Over Dilboys in Alumni Field Game Saturday

Continuing at a terrific pace towards its big objective game at Alumni field Saturday afternoon against the Dilboy Post team of the Greater Boston Twilight League, the Abbotts are in fine fettle for a fray and hope to entertain the season's largest crowd in the half-holiday matinee. By their spectacular performance in defeating the North Cambridge team here a week ago, despite the strenuous protestations of the irascible Daniel Leahy, the Grantville men won hundreds of new admirers in Lowell and now feel confident of retaining their popularity during the remainder of the season.

On Saturday, at least, the Abbotts will be the "home" team, and men, women and boys are going out to the old ball park to cheer them on. Judging by the bombardment of hits in the game with Medford last Tuesday night coupled with superb pitching by Allen and general all-around ability by the entire roster, the Abbotts intend to make a valiant fight for pennant honors in Claude Davidson's "little" big-league family.

Although a three Abbot heaver, Mitchell, Purcell and Boyce are in wonderful condition, it is probable that the management will start the latter individual on the rubber. Eddie right now is experiencing one of the best seasons of his diamond career. Against all comers he has been found to be a hard man to beat.

Friday night, Abbotts tackle Malden at Grantville. Abbotts should win this game with little difficulty and then be in prime condition for the Alumni field tilt, the following day. Competent umpires will be procured to handle the affair, which will get under way promptly at 3.15 o'clock.

## TUNNEY HAS THE EDGE

American Light Heavyweight Champ Favored in Bout Against Carpenter Tonight

NEW YORK, July 24.—Georges Carpenter and Gene Tunney are due to appear at the New York state athletic commission office at 2 o'clock this afternoon to be weighed in for their last-round bout at the Polo grounds tonight. At the conclusion of their training grind both boxers recorded unofficial weight figures well below the 175 pound limit. In challenging Tunney for the American light heavyweight title, Carpenter will meet a batter who surpasses him in height and reach.

## SHAMEEN, STRIKE IS STILL DEADLOCKED

CANTON, July 24 (By the Associated Press).—The Shameen strike of domestic and office workers, which started when the European governing bodies established new regulations covering movements of such workers, yesterday remained deadlocked.

From the point of view of the Europeans, however, the situation was somewhat improved. Reports were received that several Chinese unions had refused to call "sympathetic" strikes, which had been threatened by the strikers.

British coastal steamers, it is reported, have decided to discontinue calling at Canton until the strike is ended. This move is expected to cause the city, as it will cut off to a large extent their source of food supplies. The rice crop here was destroyed by floods, and only a limited stock remains in the city.

Shameen in the meantime is on a semi-military basis.

## MEX REBELS ACTIVE

MEXICO CITY, July 24.—The cities of Puebla and Vera Cruz were plunged into darkness last night when forces under command of the rebel chief, General Sanchez, damaged machinery at the Texaco plant according to press dispatches received here. Federal troops were sent in pursuit of the rebels.

## ILLINOIS GIRL BRIDE OF SHERIFF STILL HOLDS ITALIAN NOBLE

ROME, July 24.—Miss Felice Orleshy, daughter of the late Governor Richard J. Oglesby of Illinois, was married today to Count Alessandro Censi Bolognelli of Rome. The religious ceremony occurred in the private chapel of the famous Palazzo Censi, renowned as the home of the ill-fated Beatrice Cenci, 16th century heroine.

Prince Vicovaro, head of the Censi Bolognelli family, was one of the witnesses at the civil marriage performed later in the Capitoline hall.

The engagement of the couple, announced last month, revealed a romance that began several years ago in Rome when the Italian nobleman first met Miss Orleshy, becoming a devoted suitor.

## JAPAN NOT TO APPEAL EXCLUSION LAW

SAN FRANCISCO, July 24.—Japan will make no appeal to the League of Nations against the recent exclusion act, according to Tadashi Okuma, special commissioner to the league at Geneva, and secretary of League of Nations association of Japan, who has arrived here from Japan.

"Our government is silent on the immigration question, and will do nothing in connection with it,"

## SHERIFF STILL HOLDS BUMPER CROP OF KANSAS WHEAT IS MAKING FARMERS RICH

NEW ROAD TO WEALTH IS THROUGH THE WHEAT FIELDS—Poor Crops in Canada Cause Favorable Reaction for American Farmers

TOPEKA, Kan., July 24.—Wheat has replaced oil as the source of rapid wealth in Kansas.

Poor tenant farmers who have struggled for years, many of them in the southwestern part of the state who were compelled to appeal to the public for seed wheat loans last fall to seed this year's crop, today find themselves wealthy. Many others who had purchased farms with small payments and who expected to have mortgages hanging over them are in a position to pay off those mortgages and purchase motor cars and other things they have denied themselves.

Kansas' unprecedented wheat crop has produced all this wealth, and with

## HOMER LORING'S RATES ARE DISAPPROVED

BOSTON, July 24.—Homer Loring, chairman of the state commission on administration and finance, met with a setback yesterday when the executive council, at its weekly meeting in the state house, refused to accept the schedule submitted by him, limiting amounts to state employees for gasoline used in their privately owned automobiles while on state business.

He recommended that employees be allowed from six to eight cents a mile, depending on the type of automobile used.

The council voted to allow eight cents a mile for Ford and similar cars, and 10 cents a mile for all other types of machines. The commission on administration had also recommended that after an employee had operated his machine 8000 miles on state business, the commonwealth should acquire the machine and have the employee operate the car as a state-owned vehicle. This the council refused to adopt.

## LAWRENCE MERCHANT DROWNING VICTIM

METHUEN, July 24.—Waving his hands at his wife, Esther, and their two little daughters, who were watching him from the shade of trees on the bank, David Davis, 31, dry goods merchant of Lawrence, waded out into the Merrimack river last night. A moment later he stepped on a log, disappeared, and failed to come to the surface. Shortly before 8 o'clock his body was recovered by Horace Higginbotham and John Berry, both of Lawrence.

Davis and his family went to the pond early in the afternoon for a half holiday. Stores in Lawrence shut down for the customary weekly half holiday. After a picnic lunch, Davis, who could not swim, the police say, donned his bathing suit and entered the water.

## PUSH WORK ON NEW CEMENT HIGHWAY

The new cement highway being constructed on the Princeton boulevard route, from Lowell to Nashua, has been poured so rapidly by the Jewett company contractors, that it now extends to a point about opposite Wood street in Middlesex Village, and only a few hundred yards distant from the city line where this type of paving will end. Shoulders of asphaltic concrete, six feet in width, now are being laid on either side of the cement, which is the plan suggested by the city for that part of the road which is within the city limits, beginning at Livingston avenue and extending to the Chelmsford line.

The entire roadway beyond the city line, as far as the state line above Tyngsboro, will be of asphaltic concrete. Progress in construction comparable with that shown on the local end of the road also has been made on the North Chelmsford and Tyngsboro sections by other gangs.

It is expected that the road will be open for travel this fall.

## ROAD WORK DELAYED

Dracut town officials' failure to discuss with state engineers plans for the rebuilding of Nashua and Mammoth roads and Bridge street, has caused the work to be held up temporarily. Last Friday, the engineers came to Dracut to confer with the selectmen about the highway reconstruction proposition.

Chairman Bert A. Cluff declared that it was his belief that the selectmen and the town highway commission should be the ones to give their opinions upon the work proposed. The members agreed, in formal session last Friday night, that the town should do the job without assistance from the state. However, as the engineers have drawn a contract for the entire job, work will be started on Bridge street as a test. The state will put on a supervisor of the entire project.

The selectmen said they wanted to employ town citizens who were out of work, and believed that the best interests of the town and the taxpayers would be served that way.

## NEW JAP TARIFF

TOKIO, July 24. (By the Associated Press).—The government has notified the American embassy that the 100 per cent tariff on luxuries recently passed by the diet will not apply to goods in transit before July 5. If application is made for such exemption before the tariff act is promulgated. This is expected within two or three days. The ruling meets the principal diplomatic objection to the new tariff.

Palmer Cox, Author of Children's Yarns, Dies in Eighty-fifth Year

NEW YORK, July 24.—Palmer Cox, author of the "Brownie" series of stories for children, died today at his home in Granby, Que., at the age of 84 years. News of his death was received by friends here.

Mr. Cox also was an illustrator, illustrating his own works with humorous drawings. The "Brownie" series included more than a dozen books published from 1893 to 1915.

Born at Granby, Mr. Cox went to San Francisco in 1863 and for 12 years engaged in literary work there. His first book was published in 1875. He was unmarried.

## WILL SUPPORT PROUTY OF LITTLETON

Republican party leaders representing the towns of Chelmsford, Bedford, Tyngsboro, Acton, Littleton, Westford and Carlisle have decided to support the candidacy of Langdon Prouty of Littleton, who has expressed a desire to run for the office of representative from the district covered by the towns named. James Grimes of West Acton, prominent for years in central Middlesex republican politics, has been elected chairman of the 11th Middlesex G.O.P. representative district.

The "pols" of the seven towns plan to hold another rally and hold day in Westford, the latter part of August. The Whitney playground has been selected as usual for the political outing. Gov. Channing Cox will be there, with other republican notables from various sections of the state. There will be prominent speakers and band music, with a feast, also provided for the faithfuls.

YOU radio fans probably will smile a bit at my WTW, and wonder just what I am going to say on what you know my favorite topic to be: proper motor lubrication. After all, as the Veteran Motorist, I am privileged to discuss WTW, or What is What in motor lubrication.

I have been driving a car for over 20 years and have gone through the experiences which befall most of us. I have made my mistakes, too. But since Socony Motor Oil came on the market, I have stopped worrying about lubrication. Furthermore, I have stopped paying excessive repair bills. I used to be one of those chaps who thought it economical to save 10c on the gallon, and then perhaps pay \$140.00 three months later "for repairs and overhauling." I do not do it any more. Since then I've filled up on Socony Motor Oil and forgotten my worries and saved money. That's why I insist upon broadcasting a good thing. That's why I am never weary of proclaiming that Socony is WIW in motor oils.

The architect had drawn up an estimate which Mr. Gould found too large and had sent in a bill for services which the American also considered exorbitant.

## WHITE HOUSE CAT GETS PRESIDENT MORE PUBLICITY

WASHINGTON, July 23.—Tige, President Coolidge's pet cat is lost again, has been lost for a month and has been virtually given up as lost forever. Tige wandered off several months ago and was found only after notice that he was missing had been broadcast by radio. The cat then was given a collar to keep a souvenir and Tige began again his nocturnal wanderings. Finally he left for good.

Mr. Coolidge ruled against another radio search on the ground that Tige plainly had indicated his preference for society other than that found around the White House.

## CLUES TO SERIES OF THEFTS FOUND

WORCESTER, July 23.—What is believed to be a secret of at least one of several gangs of automobile bandits that have been terrifying occupants of automobiles in the suburbs of this city during the past month, was discovered last night by a six-year-old boy, in a field in the Rice square section.

The boy's father unearthed a revolver and a bloody handkerchief in which was wrapped a watch and ring, the former proving to be the property of James Bailey, and ring the property of Miss Marion Stanhope of Holden. Both were victims in holdups last Sunday.

## COMMON SENSE

When a merchant advertises his wares in a newspaper, he does not appeal to the paper, but to its readers. He solicits the patronage of those readers whether he agrees with the policy of the paper or not.

To refrain from advertising in a paper of wide circulation simply because he does not agree with the editor on all public questions, is not using common sense. It is a form of business suicide. It has sent many short-sighted business men into bankruptcy. A dealer might as well put a sign over his store notifying all who do not think as he does that he does not want their patronage. Readers of newspaper advertisements know when and where their patronage is welcome.

## Jack Daw's Adventures. Chapter 4

Then Jack came to a curve in the ice path and he slid right around it. Looking back, he discovered that the sailing ship was now out of sight. He shouted "Help!" as loud as he could, and immediately heard a reply. "We're coming after you!" yelled one of the crew. And Jack kept on sliding.

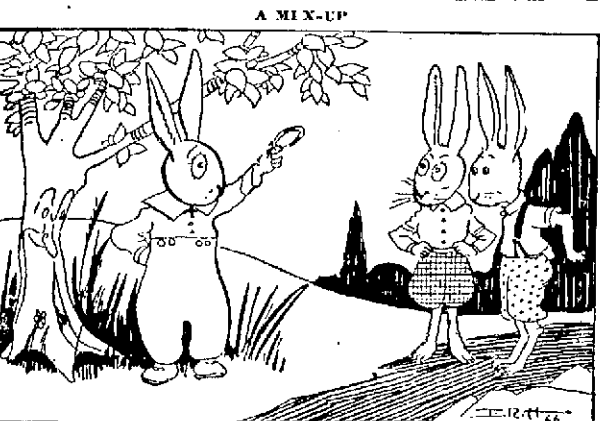

Back on the ship there was a great commotion. The captain was giving orders as fast as he could and two sailors were preparing to go to Jack's rescue. Several coils of rope were gathered together and then the sailors went over the railing and down to the iceberg.

Very few minutes had really passed since Jack first started to slide on the ice. But everybody knows how fast you can slide, and by this time he was far away from the ship. Suddenly he saw an open space ahead. It was level and Jack felt sure he could stop when he reached it. (Continued.)

## ADVENTURES OF THE TWINS

Olive Roberts Barton

"LOOKEE WHAT I GOT!" CRIED CUTIE

The next day Cutie Cottontail woke up bright and early. That was really one reason why he went to bed so early the night before.

And he got dressed in a hurry and slipped on the trousers his mother had mended for him. But he never thought of looking in the pockets. If he had, he might have saved himself a whole lot of trouble later.

He wanted to show the lucky brass ring he had got on the merry-go-round at Happy Go Lucky park to all of his friends.

Then after that he was going to the park and get his free ride, which the brass ring entitled him to.

You had to be pretty smart to get the brass ring. It stuck pretty hard and you had to pull like everything.

"I'll go and show Ben and Billy Bunny first," he said. "They'd never believe me if I didn't show it to them! Huh—why, hello, here, what's this?"

He dropped it over his shoulder and it flew down to the ground. He picked it up and it was a brass ring. "Why, it's a brass ring!" he cried. "I found it last night. Lucky I found it before I got too far away."

He put it into his pocket, not knowing that it was the very curtain ring his mother had been looking for and which she had dropped when the postman came.

Away he went whistling to the Bunny house.

Ben and Billy were just up. "Lookee what I got!" cried Cutie, holding up the brass ring.

"Let's see! What is it? Where'd you get it? Gee! Aren't you lucky, Cutie? Wasn't that a good one?"

"Yes," he admitted. "It was pretty hard work but I got it just the same."

"What I want you," said Billy. "So do I," said Ben.

"What more could any little boy want?"

Next he went to show Corby and Cobby Coon.

"Humph!" laughed Cutie. "You haven't any rings on your tail like we have! That's a good way to get one."

"My goodness!" laughed Cutie. "I wish you'd tell me how to get a tail first!"

And they all laughed and laughed at that.

Cutie was quite a hero and he was getting prouder by the minute.

But they do say that pride goeth before a fall and I believe it's true.

Cutie met Mosley and Turtle Junior next morning. Besides, he was jealous of Cutie because he could run so fast. He never could have gotten a brass ring in a thousand years and when Cutie held it up he was furious.

"Huh! A brass ring! Why, anybody can get a brass ring. I can run right this minute and get one off my mother's curtain pole. Look here, fellows, I bet you this brass ring is my mother's curtain pole!"

All Cutie's friends began to take

slides then. Some said he did and some said he didn't.

Poor Cutie was in a dreadful way. "Nick and Mister Zip can tell you if I did or not," said Cutie.

"Sure he did," said Nick when they got there. "I saw him get it myself. But this isn't it."

But when Mrs. Cottontail heard the story she laughed and laughed. "I'll show you where it is," she said.

And there it was on her curtain pole!

Mosley Turtle wasn't so far from wrong after all!

OUR BOARDING HOUSE

# SCHOOL BOARD VOTES TO RAISE SUPERINTENDENT'S SALARY

**Committee Delaney Gives Notice of Reconsideration  
at Next Meeting—Salary Increase Voted by Majority  
is \$1000 a Year and Mr. Molloy Says He Will Collect**

A salary increase of \$1000 a year was voted Supt. of Schools Hugh J. Molloy by a majority vote of the school committee in regular session last evening, but the increase is held in abeyance until the next meeting of the committee. Committee Delaney's action in filing notice of reconsideration.

Five janitors and a janitress were elected to serve as the needs of the department may require and two net instructors were elected, one for the high school and one for elementary schools.

The meeting, scheduled for 7 o'clock, was called to order at 7:20. The minutes of three previous meetings were read and accepted. The records were long and the reading took 28 minutes. The resignation of Mrs. Olive Everleigh Peck, a kindergarten teacher, was accepted and the superintendent was instructed to send the customary letter of appreciation of services.

On recommendation of the superintendent, Miss Elizabeth Harrigan was named a substitute teacher at the high school.

George Haggerty was re-elected high school track coach on recommendation of the superintendent and his salary was increased from \$500 to \$700 owing to the fact that the track season has been lengthened two months by the inauguration of outdoor track activities.

Supt. Molloy requested the election of two net instructors, one for the high school and one for elementary schools. He read the names of Miss Ruth Munson, Miss Wilhelmina Young and Miss Florence Turner, as applicants and stated that all were satisfactory for the work.

On roll call, Miss Wilhelmina Young was unanimously elected on the first roll call, and Miss Ruth Munson received six votes on the second. Mr. Riley voting for Miss Turner.

The committee favored the purchase of land in Corner street adjoining the Buller school for school purposes. A committee consisting of Messrs. Delaney, Cameron and Riley was named to investigate the advisability of purchasing land adjoining the Green-hall and Varnum schools.

In accordance with a vote of the last regular meeting, Superintendent Molloy presented the following list for janitors: Eli Hart and William F. Lane, tied for first place; John S. O'Donnell, Terrence J. O'Loughlin, Charles J. Murray and Alfred S. Gagnon. Mr. Delaney moved that four from the list be named as janitors to be employed as the needs of the department may require. Mrs. Pearson questioned the mayor concerning the advisability of naming so many substitute janitors owing to the financial condition of the city.

On the first roll call, Eli Hart was elected, receiving the votes of all members but Mr. Riley, who voted for Mr. O'Donnell. William Lane was elected on the second roll call. Mr. Riley, Mr. Brainerd and Mr. Delaney voted for Mr. O'Donnell. Mr. O'Donnell received a majority on the third vote. Mrs. Pearson voting for Mr. O'Loughlin. Terrence J. O'Loughlin was elected on the fourth ballot. Mrs. Pearson again dissenting and casting her vote for Mr. Gagnon.

Mr. Delaney requested permission to

## CASES CALLED IN THE DISTRICT COURT

Frank Plentura was fined \$10 in district court this morning for assault and battery. Samuel A. Goulet failed to appear in answer to a charge of breaking and entering in a laundry, and was ordered defaulted. Napoleon O'Leary, second defendant in the same case, was continued to July 29. Karol Baron pleaded not guilty to a complaint charging him with receiving stolen property, and was continued to July 30. A charge of larceny of cloth from a local mill was dismissed. Albert Levasseur, arrested last evening by Officers Mahoney and Lavelle, for operating an automobile while he was under the influence of liquor, was continued to July 29. A continuance of one week was granted in the case of Katherine Cakias, charged with assault and battery.

**GAVE BLOOD**  
Private C. L. McGinn of the army medical corps gave his blood during the war. And he is giving it in peace time, too. In the last few weeks he has submitted to two transfusion operations in San Francisco. In each instance he saved another's life.

**HIDE OPEN ON TRUCK**  
Hides were opened in the office of the purchasing agent this morning on a three-and-a-half ton truck for the water department and were as follows: Winther Motor Co., \$4250 and \$250 for extras; Four-Wheel Drive Co., \$4000 and \$4000; American LaFrance Co., \$6823.14; Mack Motor Co., \$5000 and \$75 for extras; Federal Truck Co., \$5800; Prince-McCann Co., \$5487.59; Buick Motor Co., \$4900 and \$5145.

## SERVICE BOARD GRANTS WAGE INCREASES

Pay increases were voted to the superintendent of the ashes and waste department and four chauffeurs of the street department, at a special meeting of the public service board held yesterday afternoon in the city engineer's office. The four chauffeurs who were voted increases are Thomas Rodgers, Charles J. Higgins, Michael Welsh and Michael J. Fagan. Their pay was increased ten cents an hour from \$5 to 75 cents. The salary of the superintendent of ashes and waste Michael H. Harrington was increased from \$40 to \$45.99 a week.

All members of the board were present at the meeting and the increases were voted unanimously. The board also voted to instruct the purchasing agent that the contract award for a 2 1/2 ton truck requisitioned for the water department must meet with the approval of the board.

The city engineer asked permission of the board to employ an assistant engineer to take the place of the one recently transferred to the lands and buildings department. Permission was granted unanimously.

The clerk was instructed to notify the city collector to draw up an ordinance concerning the inspection of drains from houses to the city sewer which would call for abutters to pay for such inspection.

## Centralville Association Favors New Bridge

Continued  
now connecting the thriving community across the Merrimack with the city proper. Mr. Mahoney's statement and plea, which represents the entire membership of the improvement committee and the association membership personnel, is as follows: "Ever since the presumed reconstruction of the old structure, the residents of Lowell's largest and fastest growing section have been in constant fear, when crossing Central bridge, that another section of it would drop out from under them and they would be precipitated into the waters of the Merrimack below. "There is not the slightest doubt that the bridge, in its present condition, is dangerous, not only to traffic but to pedestrians as well. On the down-river side of the bridge, two or three sections of the rail are held together by ropes, wires and stakes. Nearly everybody knows that every day the repair gang is called upon to patch up another hole in Central bridge. "Holes have appeared in the present structure so frequently that it is feared that, in the near future, an accident will happen that will cost the

## BIG OIL COMPANIES IN REDMOND FIRM HITS WARD LINE RECEIVER CHELSEA STAND PAT BLUE SKY SNAG SUES THE OWNERS

**BOSTON, July 24.**—Managers of the Standard and Jersey Oil companies said yesterday that they would long May or Quigley of Chelsea may continue to sell 17-cent gasoline and 12-cent oil, the big companies will not come down on their prices. Mayor Quigley says, however, that he will sell gasoline for 17 cents till the large companies do lower their prices. Meanwhile long strings of automobiles are constantly lined up for the 17-cent gas at Municipal Station No. 1, Chelsea.

Yesterday, the second day of cheap gas and oil there, more than 1000 gallons of gas were sold at that station in a little over 2 1/2 hours. Employees at the station declared the mayor has a contract under which a big company will deliver as much 17 cent gas to him as he can get rid of.

The managers of the Standard and Jersey companies stated that sales of 5000 to 6000 gallons a day forever could not affect their business. They declared that the mayor is selling at tank-wagon price because he is using municipal help in handling and selling and has no overhead expense.

## WOMAN COLLAPSES ON WITNESS STAND

Mrs. Hugh McNeely called as a witness against her husband in a non support case in district court this morning, fainted on the stand before she could offer testimony, and had to be assisted to the clerk of court's office. Her collapse made necessary the continuance of the case until next week. The defendant is charged with drunkenness and non support. A plea of not guilty was entered on the latter complaint, and when the continuance was ordered by Judge Wentworth, McNeely was given to understand that he must remain away from his wife's house until the case is disposed of, as the woman expressed fear that his previously alleged threats might be carried into execution.

## TELEPHONE ALARM

Cotton waste in picking machine at the Utilization Waste Co. in Warren street caught fire this morning and necessitated a telephone alarm to fire headquarters at 7:40 a. m. The damage was slight.

## Japan Has New Russian Policy

Continued  
countries, and looking to resumption of diplomatic relations. Negotiations toward that end have been under way intermittently for several years and at present conversations at Peking between L. M. Karakhan, recently named Soviet ambassador to China, and Kenkichi Yoshizawa, Japanese minister to that country, stand in a condition of progress, pending Mr. Yoshizawa's return from a visit to Tokyo. The government's decision as taken today will form the basis of instructions which the minister will take back to Peking with him, instructions which he will be able to interpret in the light of facts gained on an inspection trip through northern Saghalien. This return will be made next week and Mr. Yoshizawa is expected to resume his conversations with Mr. Karakhan shortly thereafter.

The vernacular press here declares that the cabinet fully accepted Baron Shidehara's program, which was framed in such terms as to satisfy both the army and the navy. The latter, always a powerful force in Japanese diplomacy, long has desired to retain for Japanese use the resources of northern Saghalien, a territory which Japan has held under occupation, for some time, pending reparation for the massacre of some six hundred Japanese troops by ethnics of Nikolai on March 11 and 12, 1920, by Soviet forces.

While officials decline to discuss the matter on its main outlines, they declare that it means "concessions" to Russia. It is indicated that principal items in the new stand are that Russia shall apologize verbally for the Nikolai massacre and shall grant long-term concessions to Japanese interests for mining and lumbering in northern Saghalien, the provisions of the Portsmouth treaty, which ended hostilities between Japan and czarist Russia, shall be retained with a provision extending Japan's fishing rights in Siberian waters, and that the question of payment of debts contracted by the czarist regime shall be left for settlement after conference have been held with Great Britain and Italy.

## WANTS TO SERVE AS LEGION COMMANDER

Geo. A. McCarthy, senior vice commander of Lowell post, No. 87, American Legion, and delegate to the state convention at Pittsfield, has announced his candidacy to succeed Commander Colin C. MacDonald when the latter's term expires. Mr. McCarthy has always been active in the affairs of Lowell post and is a member of the 40 and 8, the funmaking branch of the legion. City many thousands of dollars. As it is now, every time the repair gang is called to the bridge, it costs the city in the vicinity of \$15.00. When you take into consideration that the bridge has a new hole in it several times a week, you will readily see that the present structure is a very costly proposition—not to speak of the danger to the public using it daily. "The improvement committee of the association has been receiving so many complaints, not only from people living in that section, but from business and professional men, who have occasion to use the bridge daily, that they decided to bring the matter before the full body. This action was taken last evening and the body gave the improvement committee full power to go ahead and petition the city council for a new bridge, and to use every means within its power to secure the erection of a suitable bridge in place of the present obsolete structure. "After the regular meeting of the association, the committee held a special meeting, at which time it was decided to circulate petitions among Centralville residents and others who desire to help, asking for a new and wider bridge and requesting a public hearing on the matter in the near future. "The roster of the improvement committee of the Centralville association, is as follows: Chairman, John J. Mahoney, E. A. Wilton, Fred N. Wier, Nathan G. Lamson, President Thomas P. Garvey, Herbert Merrill and Charles B. Garmon, secretary.

# ESCAPED MURDERER DIES FROM WOUNDS OF GUN FIGHT

**Baltimore Youth Who Assaulted Jailer With Bunk Leg  
and Escaped, Captured in Duel With Detectives  
—Faulty Pistol Failed to Fire**

BALTIMORE, Md., July 24.—George Grass, one of the four youths convicted of the murder of Louis Cohen, jeweler, in a daylight robbery, died last night of gunshot wounds. He had escaped from the city jail early yesterday and was wounded four times in a gun fight with detectives when he was discovered hiding in weeds within a block of the jail. The pistol the 19-year-old prisoner drew failed to go off when he pulled the trigger twice. Grass made his escape from the jail after knocking a guard unconscious with an iron bar.

## FISHERMEN ON STRIKE MILL CLOSED AFTER STRIKE

**Tie Up Boats When Canneries Decide to Reduce Price Allowances**

SAN DIEGO, Cal., July 24.—Over 1500 fishing boats were tied up here and at San Pedro today and more than 2000 cannery employees were out of work as a result of a strike of fishermen begun yesterday in protest against a reduction in the price paid by canneries for albacore. A phenomenal run of albacore, or white meat tuna, was indirectly responsible for the strike, according to the cannery, which said that the fishermen insisted on an increase of \$20 a ton despite their great profits because of the big run. Delegates of the Fishermen's Protective association and the Japanese Fishermen's association said that the operators not only refused the increase, but sharply reduced the price offered. The retail price of canned tuna was reduced slightly.

Employees Walked Out When Notice of Wage Reduction Was Posted

STOUGHTON, July 24.—Following a walkout of employees, the Panther Rubber Co., closed down its mill here today and transferred its orders to Chelsea, where they have a factory. Last week the workers received a 14 per cent cut. Yesterday they received another six per cent cut. About 50 employees are affected. No violence has characterized the strike and no union has been organized.

## STEAM LIGHTER SINKS IN NEWPORT HARBOR

NEWPORT, R. I., July 24.—Steam lighter Gertrude, which has been under overhauling here for some weeks, sank in the entrance to the channel in the bay this morning, in consequence of a boiler explosion. The crew, Captain Joseph Traxas and Engineer Elmer S. Purdy, were picked out of the water by men from the destroyer Wilkeson, taken to the naval hospital and given first aid and then to the Newport hospital, where Purdy is reported very badly cut and burned and Traxas not so badly burned.

## JAMES PEARL SAVES BOY FROM DROWNING

James Pearl of Hildreth street dove into the waters of Beaver brook in Delham, N. H., yesterday afternoon and saved the life of a youngster, who was on the verge of drowning. The youngster, whose name was not learned, had disappeared for the third time when Mr. Pearl brought him to the surface, and with the aid of James J. Galt, an employee of the New England Tel. and Tel. Co., revived him with first aid methods.

## CENTRAL BRIDGE COMMITTEE

The city council committee appointed to investigate the central bridge situation and to report on ways and means by which the situation might be bettered, has completed its work and will report back to the city council within two weeks. The committee consists of Councilors John J. MacDonald, James J. Gallagher, Arthur Genest, David Dickson, and City Engineer Stephen Kearney.

Regular trails for walking parties have been made throughout the White mountain forest of New Hampshire.

Miss Louise and Miss Kathryn Roche, of 63 Sixth street, are spending two weeks' vacation in northern New Hampshire.

Dan Marlow, formerly of Lowell and now with the Marshall Field & Co., Chicago, is renewing old acquaintances here after an absence of several years.

Mr. William A. Mitchell, formerly agent of the Massachusetts mills, and now treasurer and manager of the Houston Textile mills of Texas, is visiting friends in this city.

The Misses Charlotte and Katherine O'Neill of 289 Concord street, are spending their summer vacations with relatives in Swampscott.

Mr. and Mrs. Lawrence L. Smith of Belgrade, Me., are rejoicing over the birth of a daughter on July 17. Mr. Smith was formerly of Lowell and North Acton.

Abel R. Campbell of 7 Ruth street, candidate for governor's council from this district, today filed nomination papers at the office of the election commission in city hall.

Lieut. Chas. J. Duffy, an investigator employed in the state aid office at city hall, is among the Lowell men in training at Camp Devens with the New England reserve officers. Lieut. Duffy is instructing some of the classes in quartermaster work.

Hon. and Mrs. Rolfe Bradbury of North Acton, have returned from a two weeks' camping trip in Vermont and Maine. They spent the week-end of the 15th at Ferry Beach, Me., attending the banquet of the Y.P.C.U., Universalist National convention at the Bay View House.

The Misses Sally and Madeline Finnegan of 111 Fayette street were hostesses at a very entertaining musical held in their home Tuesday evening. In addition to the musical program several novelty dances were rendered by the pupils of Miss Sally Finnegan.

Housekeeper for Leopold Family Identifies Battered Typewriter Upon Which Ransom Demand Was Written—Chauffeur Saw Blood Stains on Car

CHICAGO, July 24.—(By the Associated Press.) Continuing to pile evidence designed to send Nathan Leopold, Jr., and Richard Loeb to the gallows for the kidnaping and murder of Robert Franks, state's attorney Robert E. Crowe today produced in court the state's exhibits in the chain of evidence, for formal identification.

Sven Englund, chauffeur in the Leopold home, told of remaining on May 21, the car which the boys first told the investigators they were driving on the day of the Franks murder.

Englund said the car was not out of the garage up to the time he went to bed, about 9 o'clock on the night of May 21.

He also told of the boys bringing a red touring car to the Leopold garage the next day and of their scrubbing off "some wine" which they had splashed in the machine.

"Did you offer to help?" asked Mr. Crowe.

"Not exactly, but they didn't want me," said Englund.

"Did you ever see Nathan or Dick clean a car before?"

"No, they never touched them."

Mrs. Alma Englund, the next witness, said she remembered May 21, because on that date her nine-year-old daughter was ill. She said she knew the red car owned by Nathan, Jr., and that it was not taken out until 10:30 p. m.

Court recessed until 2 p. m.

CHICAGO, July 24.—(By Associated Press.) The heavily tapered chisel with which the life of young Robert Franks was taken out, was in evidence today in the advisory hearing before Chief Justice Caverly, who is to fix the penalty of Nathan Leopold, Jr., and his companion, Richard Loeb.

Bernard Hunt, a neighborhood night watchman, told of seeing the chisel tossed from a passing automobile about 1:30 a. m. May 22, a few hours after the slaying.

"There was fresh blood on the chisel when I picked it up," said

#### Leopold and Loeb After Pleading Guilty

Here are Nathan F. Leopold, Jr. (left) and Richard Loeb, 19-year-old sons of millionaires, at the bar in Chief Justice John R. Caverly's court, after pleading guilty to the kidnaping and murder of 14-year-old Robert Franks. Attorney Clarence F. Darrow, chief counsel for the defense, is seen standing just back of Loeb on the left. Both of the youthful "intellectuals" were dressed fastidiously as they came into court. And both outwardly were calm as they walked to the bench. Leopold, however, is gazing downward, but Loeb is looking straight at the judge. The strain, though, is noticeable in the faces of both.

#### CENTRALVILLE ASSOCIATION FAVORS NEW CENTRAL BRIDGE

Approve Proposition Outlined in The Sun and Calling for a More Modern and Larger Bridge Across the Merrimack River in Same Location as Present Structure

Members of the wide-awake Centralville Improvement association came out squarely and emphatically today for a new and wider bridge across the Merrimack river. The association members solidly approved a proposition calling for a modern and larger bridge across the Merrimack in the same location as Central bridge, favoring strongly the broad plan exclusively outlined in detail originally in The Lowell Sun about a year ago.

Chairman John J. Mahoney, active leader of the improvement committee of the Centralville association, convinced that the time is ripe for decisive action, issued a statement today, addressed to the public at large, demanding that a new and wider bridge be constructed to "take the place of the piece of patchwork" that is

Check—Defendant Tells

Court He's Only a Chef

Edward Moran, giving his residence as this city, was arraigned in district court today, charged with the larceny of \$3 from Eldora Mongrain, as the result of having motored practically all day yesterday in the complainant's automobile, which he hired for the purpose of doing business in Lowell, Col. linsville and Lawrence. He is also charged with drunkenness.

Moran was arrested in Middlesex st. by Inspector John Walsh last night after the taxicab driver complained to the police that he was suspicious of a check Moran gave him in payment for the day's work. The taxi man's bill amounted to \$17, and he returned \$3 to Moran when offered a \$20 check. The police were informed that Moran was inducing men to join a moving picture concern he was sponsoring in New York.

To Judge Enright today he admitted that he has lived in this city for several months, being employed as a chef. He pleaded not guilty to the two charges preferred against him, and was continued in \$300 until tomorrow morning.

Business in this court has increased fully 100 per cent. in the last two months and shows evidences of expanding still more in the rather immediate future. Increased activities by the federal agents in the district led by Walter J. Sullivan of Lowell, are the cause of the business expansion, Commissioner Walsh said today.

At the present time the commissioner has pending more than 20 cases, several of which are marked for a hearing in September. Four cases are to be heard tomorrow and two others on Saturday.

This week, with sessions by the commissioner on Monday, Tuesday, Wednesday, Friday and Saturday, will go down as a record week in the history of the court.

#### JAPAN HAS NEW RUSSIAN POLICY

Resumption of Diplomatic Relations Expected to Follow as Result

Foreign Minister Shidehara

Author of Article That is Generally Accepted

TOKIO, July 24 (by the Associated Press).—A new policy toward Russia, on which it is believed the government would be willing to grant recognition to the soviet government, was adopted by the cabinet at an extraordinary session today.

The new policy was presented by the foreign minister, Baron Shidehara, and is generally regarded as fixing Japan's terms toward Russia and as making easier agreement between the

BELGIAN CONSUL ASKS STAY OF SENTENCE

BOSTON, July 24.—The Belgian government today took hand in the fight to save Cyrille J. Vandenhoeke from the electric chair at the state prison next week, when Thomas H. Robbins, its consul here, sought an executive reprieve.

Mr. Robbins told Gov. Cox's secretary that his reason for seeking a stay was the belief that additional evidence might be found in the condemned man's favor. He will file a written application at once. Governor Cox is at present on a yachting trip. Vandenhoeke was convicted of the murder of Gladwin Schurman of Lawrence in 1918.

DRACUT AUTOIST HELD

Grand Jury to Probe Accident That Resulted in Boy's Death

LAWRENCE, July 24.—Edward J. Bailey of Dracut was held for the grand jury in district court on a manslaughter charge today in connection with the death of nine-year-old Leo Thibault, who was struck by the defendant's automobile here last Sunday. He was released in \$1000 bail.

At Hampton, dinner was served at the Casino at 12 o'clock, followed by an afternoon of recreation and sports. Running races and other events were arranged in an attractive program by a committee headed by Charles Burns of the Metropolitan.

It is not the intention of the insurance men to begin the homeward trip until some time this evening.

EVANS DEFENDING GOLFING HONORS

CHICAGO, July 24.—Chick Evans, defending his title as western amateur champion, today was three down at the end of the first holes of third round to James Munton, of St. Louis. Munton broke par by two strokes on the first nine, and was 2 up at the turn, although Evans shot perfect golf. The St. Louis player won two more holes on the second nine but lost one of them before reaching the home green.

Eddie Held of St. Louis finished his first 18 holes three up to J. E. Johnston of St. Paul, while William Munton of St. Louis and Albert Seckel were all square. E. F. Carter of Chicago, formerly Irish champion, was four down to Burton Mudgett, Princeton university golfer.

#### PREMIERS TALK ON DAWES PLAN

Herriot of France Visits Downing Street With Italian Finance Minister

Look Askance at Presence Abroad of Messrs. Mellon and Hughes

LONDON, July 24.—(By the Associated Press.)—The conflict in the views between the French delegates to the inter-allied conference and the American and British financiers regarding the safeguards for the protection of investors in the German loan proposed until the Dawes plan, remained unrecalled today, according to well informed persons. Formal and informal meetings of the delegates this morning produced no indication of a way out of the impasse.

The principal meeting was at Downing Street where Premier Herriot of France, Premier Theunis of Belgium, Ambassador Kellogg and Italian Finance Minister de Stefani had a two hours' conversation with Prime Minister MacDonald.

The greatest significance is being attached to the comings and goings of Secretary of State Hughes and Secretary of the Treasury Mellon of the United States, who are having a most difficult task in convincing London that their mission here is unofficial.

VIELICKA THREATENED TO KILL HIS WIFE

"This is your last evening here. I'm going to kill you," is the threat alleged to have been made by George Vielicka when he confronted his wife in a drunken condition last night. Mr. Vielicka, sporting a blackened eye, told Judge Enright in district court this morning that she was forced to leap out of a window of her home to avoid her husband's wrath. She complained that he abused her last Friday, and again last night and pleaded with the court to teach him a lesson. He was adjudged guilty of drunkenness and placed on straight probation for a period of six months.

SCORE INJURED IN BIG RUSH FOR BARGAIN BROOMS

NORRISTOWN, Pa., July 24.—Twenty persons, most of them women, were slightly injured in a bargain counter crush today, when a new store advertised the sale of one cent brooms. Twelve of the women were taken to a hospital suffering from cuts and bruises. The crowd began to gather before the store opened and those nearest to the entrance were pushed against the show windows.

FILE LABELS ON RUM ROW SCHOONERS

BOSTON, July 24.—Federal officials today filed labels against the British schooner Frances and cargo of 42,000 gallons of alcohol. The schooner was seized recently about 15 miles off Cape Cod, after the capture of a motor boat which the authorities charged had been landing alcohol for her. The schooner was the first capture under the new treaty with Great Britain, the government contending that the schooner was liable to capture because the transferring boat was capable of reaching shore within an hour. The label charge that the schooner loaded the alcohol at Havana, carried it to Lunenburg, N. S., and then to its station off the Massachusetts coast.

AMERICANS CINCH YACHTING VICTORY

MARBLEHEAD, July 24.—The Eastern Yacht club clinched its victory over the Royal Canadian Yacht club of Toronto, by taking first and third places in the races of today. This brought the point score to Americans 30, Canadians 20. A Canadian victory in the last race this afternoon would leave the Americans still in the lead.

VANCOUVER BANK ROBBED OF \$19,000

VANCOUVER, B. C., July 24.—Three robbers escaped from a branch of the Canadian bank of Commerce here today with \$19,000, after one of them had laid open the head of G. A. Bonallie, manager.

HAD ALE IN CAR

BATAVIA, N. Y., July 21.—Willis Dickinson, Elmira, and Lafayette New, Corning, were arrested by state troopers near Caledonia today, and twenty cases of Canadian ale, reported by the troopers to have been found in their car, confiscated. The men were remanded to jail in default of \$7000 bail each.

#### SHOE WORKERS WOULD REVISE AGREEMENT

HAVERHILL, July 24.—A wage reduction of 12 1/2 per cent. and restoration of Saturday morning work is asked by the counter and top lift manufacturers in the local industry in a counter proposition presented to the Shoe Workers' Protective union today. The union early in the week presented contracts for renewal Aug. 1 at present prices and conditions. In view of the

recent concessions in hours and wages in the shoe industry, the leather men will refuse to renew agreements without a revision downward. There are 20 factories employing 300 workers involved.

#### COOLIDGE STARTS WORK ON SPEECH

WASHINGTON, July 24.—With notification ceremonies for President Coolidge three weeks distant, he began today on the address he will make here August 14. Much of the material for the address has been in progress of selection for some time, and the immediate task before Mr. Coolidge is the drafting of an outline of the speech. The form of the speech and the method of work determined upon is similar to that followed by him in writing his first message to congress.

Governmental economy and reduction of taxes are to be the foremost subjects treated, with the whole address primarily devoted to the party's record.

## AMUSEMENT NOTES

### RIALTO THEATRE

If you like your drama good and strong and you are an admirer of good acting, you will not miss "Gambling Wives," a lavish and entertaining production that opens at the Rialto theatre today.

The picture deals with a menace to which the average person gives little thought. It is not generally realized the amount of gambling, and for big stakes, that goes on among the idle rich. Both husbands and wives are guilty of this malicious practice. In "Gambling Wives," the husband loses the family savings in a "so-called" gambling game with the boys. The wife, to help him, resorts to cards to gain back the money, but also becomes involved in a web of debts. How both husband and wife struggle to become

their former selves and how they rid themselves of the gambling habit, makes this picture a mighty interesting one and one that will appeal to all classes of theatregoers. A stupendous cast interprets the story and the settings are all elaborate and lavish. In the cast are such names as Marjorie Daw, Edward Earle, Ward Crane, Charlie Murray, Florence Lawrence, Hedda Hopper, Lee Moran and Betty Francisco.

### MERRIMACK SQUARE THEATRE

The comedy delight of the year is "Happiness," the second motion picture made by Laurette Taylor for Metro, which opened today at the Merrimack Square theatre. Miss Taylor is simply ravishing as a happy-go-lucky

little shopgirl who brings the joy of living into a home, made colorless by too much wealth. Her personality is a sure cure for the "blues." There is another attraction on the bill, too, Paris contributed her most beautiful talents in the making of "Don't Marry for Money," in which House Peters is starred. These gowns are photographed in their natural colors, and that feature is one of the most interesting of the picture—especially to the ladies. Respite from the heat of the day may be found here, in the quiet relaxation engendered by a perfect entertainment and comfortable surroundings.

### NEW WRINKLE

A new wrinkle is to tie the scarf in the back instead of the front. This is particularly effective with scarfs of chiffon or georgette.

## MENJOU'S TYPE TO DISPLACE "SHEIK"

BY A. H. FREDERICK  
N.E.A. Service Writer

HOLLYWOOD, Calif., July 24.—The celluloid industry has caused Hollywood to become the world's greatest emotional laboratory.

"Scalpel and saw are used upon the public while experts check the reactions to each emotional incision."

Instantaneous pulsation of the box office was noticeable when liberal doses of the he-man type of hero—Brando X. Bushman, Thomas Meighan, Bill Hart, etc.—were administered. A heart fluttering so intense as to border upon prostration followed Valentino and his train of sheiks; Charles Ray and the boyish school got good response—and yet the experts were not satisfied.

The answer is Adolphe Menjou. So gradual has been his ascent, so unattended by blare of press agent trumpeting that recourse to his fan mail is necessary to realization that the peace of American manhood is threatened by this new character of "mental sheik."

Yet such is the case. His growing popularity may soon establish a new demerit in masculine standards; may cause us to convert our bell-bottom trousers into stiffly correct high make us smile condescendingly at our women instead of beating them about the head when they refuse obedience.

Menjou typifies the unruffled lover, the blasé captivator of women, the pursued rather than the pursuing, the superior being whose indifference plagues the vanity of the opposite sex until any effort is not too great if they can awaken this man to some show of emotion.

That, gentlemen, is the predicted 1925 model.

"Much of my fan mail comes from young ladies of the 'Sheik' age," admits Menjou, "but the vast bulk of it comes from ladies more matured, the housewife of 30 to 40, and of even riper age."

"Most essential is thorough knowledge of women," he declares. "You are to be their master because you understand them so well, and they understand you so little."

"Every action of yours is calculated, result known before the action is started."

"Always deferential, but in a strictly concealed, or descending manner. Always correctly and faultlessly

dressed, which implicitly demands the smile of them."

"Always do exactly the right thing; be thoroughly at home in cafe, club or at entertainments of all natures."

"Above all, let each of your actions revolve around a studied indifference."

Menjou, through a series of pictures starting with Douglas Fairbanks' "Three Musketeers," and continuing through two recently completed Paramount productions, "Open All Night" and "The Fast Set," has come to be known as the most accomplished Frenchman of filmdom.

But let Old Glory wave, he was born in Pittsburgh, Pa., received his education at American schools, and has to go further back than his generation to account for the Frenchness of "Adolphe Menjou," his private as well as professional name!

### COMMODORE BALLROOM

## ALARMS TWISTED FOR MIDNIGHT FIRE

Proof that the fire alarm signal system of the city is in a most unreliable condition and is not trustworthy was given shortly before midnight last night when an attempt was made to send in Box 41, Lincoln and Chelmsford streets. Almost everywhere the first round sounded as Box 121 and for three rounds in the North common district it was Box 125 that was sounding. Naturally the apparatus had some

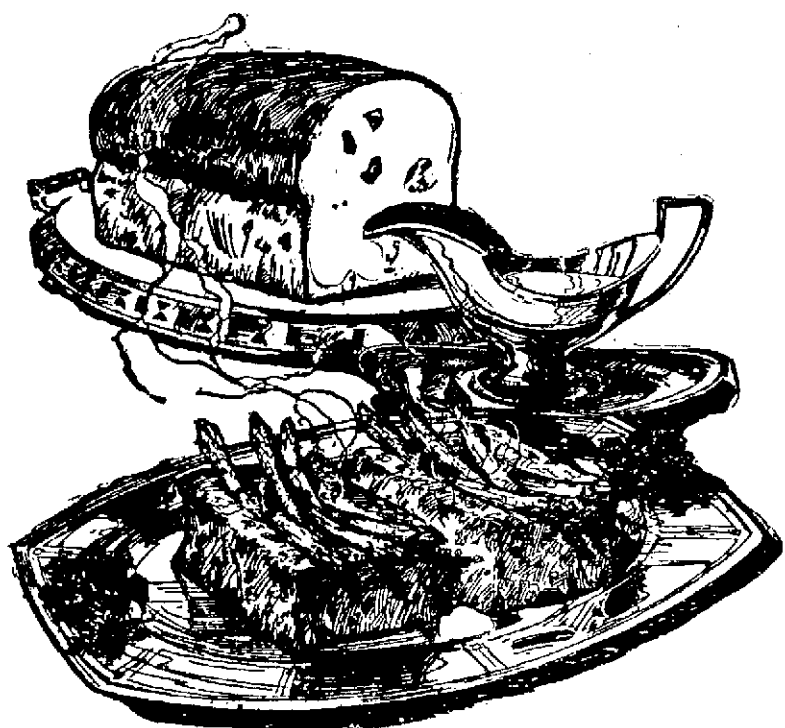

difficulty in locating the right neighborhood.

The alarm was sounded for an automobile fire and was not serious but the possibilities are evident.

Only yesterday Chief Saunders again warned of the unsafe condition of the system and declared that some recognition must be taken of it at once if the city is to receive any protection whatsoever.

## Real, Old-Time Goodness

THERE'S a delicious, old-time flavor in Old Home Potato Bread that no one can resist. It's a taste like mother's own bread always used to have—and who could ever forget that? Most of us look back and think nothing else ever was quite so good.

Old Home will please you from the first, and you'll like it better as time goes on. You'll like that real, home-made flavor, and you'll like the long loaf in which this bread is made, too. It goes farther, and gives slices of the nicest size for every use.

### Betsy Ross Bread

This fine loaf, made with milk and other rich ingredients, has a goodness distinctly its own. It is used daily in many homes throughout this community—eaten and liked because it is both flavorful and nourishing.

## COLLEGE TRAINING FOR GIRLS CHAMPIONED

CLEVELAND, O., July 24.—Flat denial of the popular idea that college girls for the old-fashioned "womanly" occupations is made by Miss Anna Louise Slusser, alumnae secretary of the College for Women of Western Reserve University here.

In order to find out if college women are using their training for practical purposes, Miss Slusser sent questionnaires to 1500 graduates. Replies were received from 1407.

They showed that 1020, or 72 per cent of the alumnae are engaged in home making or teaching, and that very few are following business careers.

"The only other occupations well represented," says Miss Slusser, "are those of secretary, librarian and social worker. And to gain admission to these professions, additional study must be taken following completion of college courses."

"We don't question the excellence of the home making and teaching professions. But it is a well demonstrated fact that not every woman has the opportunity to become a home maker, and the teaching profession is a crowded one. The problem of the woman college graduate today is much the same as that of the old-fashioned gentleman suddenly cast upon her own resources: what can she do to earn her living?"

"A few can afford to spend more time and money for professional training. They become lawyers, dentists, librarians, etc."

"But think of the business and professional opportunities open to women today, of which this list gives but a suggestion! The little 16-year-old graduate of business college can slip in on the strength of her varying ability to take dictation and read a typewriter, but the college woman—mature, cultivated, refined as she may be—is barred because she doesn't have the password, business training."

"Modern business is eager to absorb all the college men who are willing to begin at the bottom. It finds all sorts of things for them to do. It never demands preliminary business training of them."

The college woman is just as willing to start at the bottom, but modern business' one place for starting women seems to be at the typewriter.

In increasing numbers the woman college graduate wants to earn her living or must do so. If all these kinds of business need women, surely they must want the best—the college woman. Is it business or is it the college which must solve the problem?"

## SLATER MILLS HEAD THREATENS CLOSING

WEBSTER, July 24.—H. N. Slater, president of the Slater company, has sent a letter to the selectmen stating that if the selectmen do not grant permission to the New England Power company to sell the mills electricity, he will close the Slater mills. If the mills are closed 1300 employees will be thrown out of work.

## Declined to Testify

Continued  
board cannot deprive them of British legislative rights of liberty of contract and their legal right of collective bargaining, and that the inference of the board is unlawful and an aid of the railroad program to delay negotiations." Mr. Richberg asserted. The labor board is seeking to force the employees to become parties in present hearings, but the device of summoning them to appear as witnesses in "behalf of the employees." The labor board has no more power than a court to select witnesses for parties and has no more power to force either railroad or employees to their parties or proceedings before the board.

Donald Richberg, counsel for the brotherhoods, submitted a statement outlining this decision in reply and to the board's order to testify.

"The employees refused to submit their controversy to the so-called decision of the board, not only because the action of the board is premature, but also because the board is not an impartial tribunal. The chairman has repeatedly and gratuitously made public attacks on the representatives of the employees and on the policies of the organization and has qualified himself as acting as an arbitrator."

IN CONTROVERSY

State's Attorney Robert E. Crowe charges that Chief Justice Harry Olson of Chicago's municipal court (above) is aiding counsel and attorneys for Nathan Leopold, Jr., and Richard Loeb prepare their defense. Has added a new thrill to the Franks murder case. Olson thinks statutes should be changed to prevent the hanging of mentally diseased criminals.

## FIRPO'S FAIR FRIEND BOUND FOR CUBA

NEW YORK, July 24.—Miss Blanca Lourdes, who came to the United States last Monday on the steamer, American Legion, which also brought Luis Angel Firpo, the boxer, sailed for Havana today on the Egeansea. Miss Lourdes and Firpo were taken to Ellis Island by immigration officials, who said there were irregularities in their passports. Firpo was admitted, but Miss Lourdes was deported.

## CITY AUDITOR IN FITCHBURG SUICIDE

FITCHBURG, July 24.—City Auditor Frank D. Page, 69 years old, for 22 years a municipal official, killed himself at his home here today by inhaling illuminating gas. It is believed that long illness made him insane. Shortly before noon Mr. Page sent his wife to the business district on an errand and during her absence he attached a gas tube to his mouth.

## Leopold-Loeb Trial Continued

Hunt. The relic was given to the court.

Bernard Hunt, a night watchman, said that at 1.30 a. m. on May 22, "a maroon car with red disc wheels and bright metal headlights" passed him as he was standing at 49th street and Greenwood avenue.

"What happened?" asked Mr. Crowe. "As the car slowed for the turn, a man in the rear seat raised up and threw out a chisel."

The chisel also was inspected by Albert Hublinger, hardware store clerk, who said that the state's exhibit resembled a chisel he sold to Leopold and Loeb. Hublinger also told of having sold rope to the young men.

The rope, claimed by the state to have been that with which the young victim was tied, was introduced in evidence.

Aaron Adler told of having sold a pint of "chemically" prepared hydrochloric acid to Nathan Leopold. He had sold no acid of that strength for some three years, the witness said. It was the strongest grade obtainable, he added. The state offered the bottle in which the acid was sold.

CHICAGO, July 24 (by the Associated Press).—Elizabeth Sattler, maid in the home of Nathan Leopold, Sr., today identified on the witness stand an Underwood portable typewriter which she said resembled a machine she had seen in the room of her employer's son. She was called by the state on the hearing which is to determine the penalty to be imposed on Nathan Leopold, Jr., and Richard Loeb

the kidnaping and murdering of 14-year-old Robert Franks.

She added she had seen Nathan, Jr., use such a machine many times. It was on this kind of machine the ransom letters were typed.

She was questioned also about the storing places of the automobile robes in the Leopold home.

A fuzzy greenish and badly charred robe, said by the state to have been the remnants of the blood-stained robe which the two boys attempted to destroy by soaking in gasoline and burning on the lake front, was offered in evidence. The witness said she had seen a similar robe in the Leopold home.

## Students on Stand

Four University of Chicago students, classmates of Leopold in the law school, were called to tell what they knew of the typewriter. The heat they could do was to say the machines they saw at the Leopold home were "portable."

The portable Underwood offered in evidence by the state was the one scrapped from the bottom of a park lagoon by the investigators after the confession of the two youths.

## Noose Is the Issue

As a part of their plans to cover their crime, the state pointed out in its opening statement yesterday, Loeb had jerked the letters from the machine with pinchers, and strewn them scattering them in the lagoon. The bulk of the machine and its lever were tossed into another part of the lagoon.

The noose is the issue of the battle of evidence started before Judge John H. Caverly yesterday. State's Attorney Robert E. Crowe has demanded death

as punishment. The defense hopes life imprisonment will be the sentence after all evidence has been testified that the youths are mentally irresponsible.

## FIND ANCIENT TOMBS

HALLE, Germany, July 23.—Tombs of warriors that are believed to have fallen in battle about 500 A.D. have been discovered in connection with excavation work undertaken at Reuden, near Halle. The warriors were buried with their weapons. Both the skeletons and the arms are well preserved, and are to be brought to the provincial museum of Halle.

## Too Hot for Comfort

Continued  
the temperature was 87 degrees and at the same time yesterday morning it stood at 73. The maximum reached yesterday was 89 degrees at 4 p. m.

Undoubtedly it is considered cooler at Pawtucket dam-side than in many other places in the city, the square for instance, where all forenoon the mercury was extremely agitated as it jumped point by point until the 94-degree graduation was reached at 11.30 o'clock. At that time, and for some time previous, the thermometer was in the shade of buildings, although earlier in the morning it had been subjected to more or less direct sunlight.

The heat was so pronounced today as to keep the usual Thursday morning shopping crowd down to extremely small proportions and with the closing of the stores at noon the streets practically were deserted.

No heat prostrations were reported up until early this afternoon, although hundreds of persons felt the heat more than on any other day of the summer.

## GERMANS TAKE KINDLY TO AMERICAN BAR

BERLIN, July 24.—A "drink it standing up" bar, designed along the lines of the American quick lunch stands, is making inroads upon the old-fashioned Berlin beerhalls, where Germans for many years have been accustomed to sit about for hours and sip their beer. In the "stand-up" the customer gets his beer at the bar, pays for it and steps over to a waist-high table where there are no chairs. Here he drinks his beer in a minute or two, instead of an hour or so, and hurries off to his business.

## SIOUX CITY STOCK YARDS KEPT BUSY

SIOUX CITY, Iowa, July 24.—The first half of 1924 has been the greatest period in history of the Sioux City stock yards from the standpoint of number of animals handled. More than 2,548,000 cattle, hogs and sheep have been received here since the first of the year, an increase of 500,000 over the like period of 1923.

The yards also continued to hold their place as one of the largest markets in the world for hogs. More than 2,000,000 porkers have been marketed thus far this year, with receipts for the year estimated to exceed 3,500,000. Chicago, St. Louis and Omaha are the only other markets which have passed the two million mark, according to yard officials.

## SICK WOMAN MADE HAPPY

Entirely Restored to Health  
by Lydia E. Pinkham's  
Vegetable Compound

Mart, Texas.—"I have taken Lydia E. Pinkham's Vegetable Compound to build me up as was all run-down, nervous and sick. I ached and hurt all over so that I was often compelled to go to bed, and I had to have most of my work done. No medicine seemed to help me until one of my neighbors who was taking the Vegetable Compound insisted on me trying a bottle of it. The medicine helped me from the first, and the best of all is that I can even sew again without that awful, nervous feeling I was used to having. And I used to take crying spells, with such a blue feeling that I cannot explain. Now all that has left me. I feel so cheerful, and I have gained in weight, sleep well and eat hearty. Oh! I wish I had words to express what this medicine has done for me! I am a housekeeper and do every thing from the sewing to the washing now and it doesn't hurt me. You may use my letter in any way you wish. I will be glad to help any suffering woman to the road of health and happiness."—Mrs. E. F. BRANNON, 404 Travis Ave., Mart, Texas.

The Rio Janeiro government has issued a decree permitting the free entry of livestock and by-products in view of the difficulties encountered by provisions supplying cities.

WHAT KIND OF IRON HAVE YOU BEEN TAKING?

The Newer Compound of Iron Containing Organic Iron Like the Iron in Your Blood, or Ordinary Metallic or Mineral Iron—It's Important to Know the Difference—How to Tell.

A child must have time to make bone, but it gets organic time from milk and not mineral time from lime rocks. ## MURDERER IS GIVEN PARDON

New Jersey Board Frees  
Russo for Exceptional Conduct in Confinement

Risked Life Serving Voluntarily in Hospital Ward During Flu Epidemic

TRENTON, N. J., July 24.—Although his term would not have expired until June, 1932, Anthony Russo, imprisoned for murder on June, 1917, has been granted a parole by the court of pardons. The fact that he has a mother and blind brother in need of support was also considered.

According to the report of physicians, Russo served both night and day at the risk of his own life in the hospital ward during the influenza epidemic. In addition to that, he has acted as interpreter since his admission, speaking Italian and three South European dialects. The killing for which he was sentenced occurred while he was under the influence of liquor.

### IN NEW YORK

By Stephen Hannagan

NEW YORK, July 24.—New York is a deserted village over week-ends. Everyone, it seems, rushes to the beach or country for a breath of purified air.

Consequently it is the one time of the week when it is a pleasure to be in New York. No rush or flurry; no one to disturb the tranquillity of a great, deserted city; it is as peaceful as a cross-roads hamlet gone a-fishing.

It is then the quiet open spaces of beach and country adjacent to New

### WHERE ARE YOU GOING FOR YOUR VACATION?

"Where are you going for your vacation?" a friend asked Mr. Mann of Anytown.

"Some old place. Salt Creek," replied Mr. Mann.

"Why don't you ever change?"

"Too much trouble finding a new place."

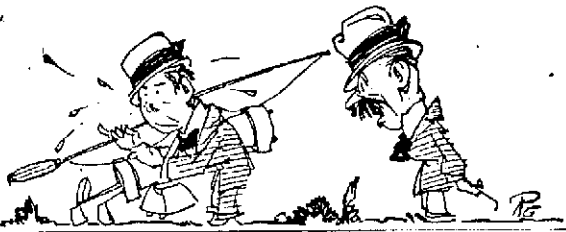

That's the attitude of many vacationers. And it isn't a particularly good one to adopt. If the proper results are to be gotten.

The fundamental purpose of a vacation is to allow a complete change of life, habits, surroundings and people. There should be a change of scenery, a change of food, change of the preparation of food.

In such vacations the psychological values that result in the greatest benefits to the vacationer. A return to the same place year after year; a meeting of the same people—all such sameness leave little to the imagination and offer few surprises. In brief, they are all right, but they are psychologically off key.

The ideal vacation would be one in which all persons could go back to boyhood simplicity of mind and play; a complete making over.

Since this is impossible to most folks, get the next best thing; as complete a change as is possible each year.

York becoming seething, swarming, steaming cauldrons of humanity.

Six hundred thousand people visiting Coney Island last Sunday.

When the Saturday rush out of New York takes place railroad stations are jammed, suburban trains are filled, ferriesboats are taxed to capacity.

By Sunday afternoon New York is delightful to the few who remain behind. There are seats on buses, subways and street cars. One can cross the streets in comparative safety. Sunday traffic is but a bleached skeleton of its week-day self.

Monday morning the frenzied influx begins. Sunburn and aching bones make New York irritable. The crowds complain until Wednesday, then start planning for the coming holiday.

I love the country, but New York is too restful on Sunday to leave.

The most popular place in New York for sailors off Uncle Sam's men-of-war is Central park. They row about on the lakes for hours in small boats.

Along the Harlem river at the north end of Manhattan Isle is a bungalow made from a beached houseboat. The stilt, have slipped, permitting the

kitchen of the house to sag into the river.

An observer remarks that "the occupants get out of bed in the morning and slide into the kitchen for breakfast," adding that there is "running water in the kitchen."

"My Home Sweet Home in Dixie" is the name of one of these river bank abodes. It has a roof garden and front porch.

With traffic signals, similar to those placed in use on Fifth avenue long ago, the vogue on Broadway and Sixth avenue, one can walk 10 or 12 blocks more quickly than he can make the trip in a taxi.

Taxicab drivers contend that the new traffic signals system has cut down their profits, that people are actually walking to save time.

Before the traffic signals, the artificial drivers could worm their way through traffic. Now they have to wait the signal lights.

Moored to the docks at Battery park are two floating swimming pools for the children of the neighborhood—one for the boys and one for the girls. With an ocean at hand, the pool is

To the Honorable the Judges of the Probate Court in and for the County of Middlesex:

Respectfully I, the undersigned, Madeleine M. Kennard of Lowell, in the County of Middlesex, that she was lawfully married to Spencer P. Kennard now of New York, in the County and State of New York, at Boston, in the County of Suffolk and said Commonwealth of Massachusetts, on the sixteenth day of October, A.D. 1914, and thereafter lived together as husband and wife in this Commonwealth, to wit: at Lowell, in said County of Middlesex, at said Boston, at Magnolia, in the County of Essex, and at New York, in the County and State of New York, that your libellant has always been faithful to their marriage vows and obligations, but the said libellee being wholly regardless of the same, at said Magnolia and at said New York, on divers days and times, was guilty of cruel and abusive treatment towards your libellant.

Wherefore your libellant prays that a divorce from the bond of matrimony between your libellant and the said libellee be decreed, and that the care and custody of their minor children, Spencer Perry Kennard, Junior, and William White Kennard, may be decreed to her.

Dated this ninth day of July, A.D. 1924.

MADELEINE M. KENNARD,  
Commonwealth of Massachusetts—Middlesex, ss. Probate Court.

Upon the foregoing libel, ordered, that the said libellant give notice to said Spencer P. Kennard, by causing an attested copy of said libel, and of this order thereon, to be published in The Lowell Sun, a newspaper published in Lowell, in the County of Middlesex, once a week, for three weeks successively, the last publication to be fourteen days at least before the return day of this Court, at Cambridge, within the County of Middlesex, on the eighth day of September, A.D. 1924, and by mailing forthwith, by registered letter to the libellee at his last known residence an attested copy of said libel and of this order thereon; that he may answer at said Court within one month from said eighth day of September and show cause, if any he has, why the prayer of said libellee should not be granted.

Witness: George F. Lawton, Esquire, First Judge of said Court, this twenty-third day of July in the year one thousand nine hundred and twenty-four.

CHARLES N. HARRIS, Register.

The foregoing is a true copy of said libel and of the order thereon.

Attest:  
CHARLES N. HARRIS, Register.

### THE "WEDDING" OF TWO CITIES

Bluefield, W. Va., a city of 25,000, and Graham, Va., a town of 8000, just across the state line, have become one. An actual wedding, symbolical of the union of the two municipalities, was staged on the boundary. For the first time in the history the governors of the two Virginias participated in a joint celebration. Governor E. F. Morgan of West Virginia is seen at the left of the bridal couple, and Governor E. Lee Trinkle of Virginia at the right. The combined towns now are known as Bluefield, W. Va.-Va.

### PERFECT FOR FALL WEAR

Here is the perfect dress for early fall. It is of black rep made over a foundation of plaid silk in red and white. The roll collar and tie are made of the silk and the simulated pockets are bound with it. Many of the new dresses for fall have their own slip, as this one has, and frequently it shows an inch or so below the gown.

### Are You a Blonde?

Nothing attracts more attention or admiration than beautiful blonde hair. That is why blondes always have a charm all their own. The only unfortunate thing about blonde hair is that it has a natural tendency to darken, streak or fade as one grows older. Then blonde hair is anything but beautiful. But now a way has been found to correct the natural darkening of blonde hair. And it's so simple and easy. You simply shampoo your hair with Blondex, which is a new shampoo for blonde hair only. Blondex not only keeps hair from darkening—but actually brings back the original golden beauty, even to the most faded and darkened blonde hair. Blonde hair is a gift you should cherish dearly. Don't allow it to become dull, streaky and muddy looking. Get Blondex today. Money gladly refunded if not delighted with first shampoo. At all good dealers, such as Green's Drug Store, A. W. Dows' Drug Store, Fred Howard.—Adv.

## WOMAN'S PARTY TO HOLD ELECTION CONFERENCE

Lowell members of the National Woman's party have just received formal notification calling attention to the organization's election conference, which is to be held at Westport, N. Y., Aug. 15, 16 and 17 next. Plans are to be made for the election of women to congress. Members the country over have been invited to bring with them the names of suitable women candidates from each state, who would work for their interests.

A most elaborate program has been arranged for the woman's party election conference, according to announcements now being distributed in many homes in the city of Lowell. On Friday, Aug. 15, there will be a trip to points of interest in the Adirondacks,

as a starter on the list of attractions. All members of the conference will be taken on this trip as the guests of the Westport members and friends of the woman's party. At 5 o'clock, there will be a tea for conference members in historic King's gardens, Fort Ticonderoga, with Mrs. Stephen Pell, hostess.

There will be a business session on Saturday morning, starting at 10.30 o'clock. The "election policy" of the woman's party will be outlined and approved at that time. In the afternoon, at Westport Inn, there will be voting on questions affecting the organization and its directorship. All women are eligible to attend these meetings, but may not cast ballots.

At 7 p. m. there will be a "subscription dinner," followed by a pageant "in honor of women who have fought for the freedom of women."

Westport, N. Y., is on Lake Champlain in the upper Adirondacks. It is easily reached by train from Boston

via Albany. Inexpensive lodgings and meals can be secured in private homes in and around Westport. Reservations for members are to be addressed to the hospitality chairman, Woman's party headquarters, Westport Inn.

## ARMY AIRMEN CAN DISSIPATE FOG BY SPRAY OF TREATED SAND

Will Use Special Plane for This Purpose in Welcoming Returning World Fliers to Boston—More Naval Vessels Leave for Escort Patrol Work

BOSTON, July 24.—Those preparing to welcome the round-the-world fliers on their return to native shores along the New England coast are leaving undone nothing that army thoroughness can anticipate. The latest instance of preparedness was seen today in a plane equipped to dissipate fog. An army of fliers at the East Boston air port, where the fliers will land, said it had proved its ability. Spraying electrified sand down through the vapors, it was explained, the plane opens a path by liquifying the moist particles, causing them to fall as rain. Whether the rains so caused will fall at sea, or on the heads of summer visitors at Maine resorts looking for the fliers will depend on the route the fliers finally decide to take.

**Destroyers Start**  
NEWPORT, R. I., July 24.—The destroyers Lawrence, Coklan, Barry and MacFarland, which will form part of the cordon that the navy will supply to guard the route of the army fliers on their trans-Atlantic crossing, left here today to take their posts on the coast in New York harbor. They will be joined at Boston by the destroyer Charles Ausburn, and at Halifax, N. S., by the cruiser Milwaukee. The latter is carrying a seaplane that will be available in an emergency.

## Do you know Baseball?

by Billy Evans

Questions  
Kindly give your opinion of this play, as there is a 16-inning scoreless game depending on it. Left-hander at the bat, runner on second, when batsman hits line drive to the side of the pitcher on which he could make no play. The umpire standing close to second was hit on the head. The contact did not change the direction of the ball, as the contact was slight and it continued on its way to the outfield, getting past the fielder. The batsman made the circuit, scoring the runner ahead of him. The ball was not an infield hit, but a terrific drive, and, after striking the umpire, landed far past second base, still in the air.

Answers  
1. The happening was a tough break for the team at bat, but when the umpire is hit by a batted ball, on which no play has been made, the ball becomes dead, batsman is entitled to first and no runners advance unless forced. The runner on second simply remains there and batsman goes to first.  
2. Is it a strike. When bat comes into contact with a wildly pitched ball, whatever happens is legal. It is a foul ball, but it is fair territory it would have been a fair ball.

Perhaps you've noticed that most fights are held in bowls these days. But don't get the idea that the audience made half of one another. One look at the averages convinces you. Gossin of the Washingtons is no lame duck at bat.

## WILLIAMS TELLS OF MEDAL GOLFING

BY JOE WILLIAMS  
How did the idea get around that the player scoring lowest in a qualifying round could not win the championship? You hear much of the flax which supposedly encircles the neck of the golf medalist. It is the ghost story of the flax.

Let a contestant go out and lead his field in the qualifying test and he had as well hang up his sticks without further ceremony, for the witnesses and the sabbins in the bunkers will terrorize him to defeat the very next day or shortly thereafter.

This is a popular myth and many of the star players believe it to be so. So great is their belief that they purposely throw away strokes in order to escape winning the medal.

Now what is the answer? Is a golf medalist invariably doomed? Don't be fooled. A lot of medalists have won national championships. Walter Travis won two national titles after leading qualifying fields. H. Chandler Egan didn't lead the medal a handicap back in 1904. Neither did Alvin Gardner in 1909, or Harold Hilton in 1911, or Davey Herrin in 1912.

Since 1913 five women medalists have gone on to win the national championship in this country, namely, Dorothy Campbell, Gladys Baconcroft, Mrs. C. H. Vandenberg, Alexia Stirling and G. M. Collett. If anything else these instances show the medalist is not necessarily whipped in the beginning. It is true a big percentage of the medalists fail to survive the final 4 ft. of research work which probably show that players who ranked second and third to the medalist fail just about as often.

This brings you to a probable explanation. If you are good enough to lead your field on opening day it is proof you are playing your best golf.

Usually, usually, usually last week, golf form is elusive. Few can hold the thin edge of perfection that long.

The medalist begins to bog down in the middle once the big fight starts and soon he is erased from the scene. Some other player who barely qualified, perhaps, will come along, getting better as the rounds pass, and, with out, Medalists aren't fixed. They merely reach top form ahead of time.

## SILESIA SWATTERS DEFEATED AT WARE

A ninth inning rally caused a 4 to 3 defeat of the Silesia Mills team in a Central Twilight League clash at Ware, last evening. Until the final frames, the teams were battaling in a 3-3 tie.

Attieau, first Ware batter in the ninth, singled, took second on a sacrifice, third on a passed ball, and scored on a sacrifice fly. Silesia outlasted Ware, 8 to 3.

**TOMORROW NIGHT**  
Americans vs. Bellevues.

A resounding single into left field by Leslie Atkinson when the score was deadlocked at one all, wrote a 3 to 1 defeat on the pages of Butler baseball in a City Twilight League game on the South common last evening. Ricard's Belmonts winning the verdict in the prettiest clash of the week.

The game was a nip and tuck affair all the way through with Duke Carroll and Bobby Lawless engaging in a sweet pitcher's battle. Until the sixth, Carroll was invincible, holding the Belmonts to one solid clot. His relaxation in the sixth, however, cost him the game, as George Orr and Atkinson injected telling blows into the pastime, and it was all over.

During the game, three valuable prizes, donated by Frank Ricard, were awarded to fans holding lucky tickets. A mesh bag was won by Joseph Flynn of 19 Watson street; a pearl necklace by George Fontaine of 45 Pinchill street, and a cigarette case by Joseph Fitzgerald of 15 Tenth street.

## CLASSY FIELD IN WESTERN TOURNEY

CHICAGO, July 24.—Eight fine golfers today played four matches at 36 holes in the third round of the western amateur golf championship at Hinsdale golf club. They included Chick Evans, defending champion, Jimmy Manion, who holds the trans-Mississippi title and H. R. Johnston of St. Paul, four times champion of Minnesota, who shot the best golf yesterday during the two 18-hole rounds, in which the field was reduced from 62 players to 32.

Evans today played Jimmy Manion of St. Louis, promising a hot contest, and William McDuff of St. Louis, matched his skill with Albert Seckel of Chicago. The survivors of these matches will meet each other in the semi-finals Friday.

The other half of the draw, Eddie Heid was pitted against H. R. Johnston and E. F. Carter of Chicago, formerly Irish champion, played Burton Mudge, a member of the Princeton university golf team.

## AMATEUR BASEBALL

The P.A.C. is scheduled to meet the Victorians tonight on the North common in the regular junior league set. Game begins promptly at 6:15.

The Victorians who defeated the Nationals, 12 to 5, Saturday afternoon, are one of the strongest teams in the Junior Twilight League.

Manager Polier of the Trojans, announces that he has signed up the following men: Pitchers, Cornier and Gorman; infielder, Joy; outfielders, Barrett and Linton. The Trojans will meet the undefeated Windsor A.C. on the Woodward avenue grounds next Sunday.

## ABBOTS SHAPE UP WELL

Look for Victory Over Dilboys in Alumni Field Game Saturday

Continuing at a terrific pace towards its big objective game at Alumni field Saturday afternoon against the Dilboy Post team of the Greater Boston Twilight League, the Abbot Worsheds are in fine fettle for a fray and hope to entertain the season's largest crowd in the half-holiday matinee. By their spectacular performance in defeating the North Cambridge team here a week ago, despite the strenuous protestations of the irrepressible Daniel Lenney, the Granville men won hundreds of new admirers in Lowell and now feel confident of retaining their popularity during the remainder of the season.

Saturday, at least, the Abbots will be the "home" team, and men, women and boys are going out to the old ball park to cheer them on. Judging by the bombardment of hits in the game with Medford last Tuesday night coupled with superb pitching by Mitchell and general all-around ability by the entire roster, the Abbots intend to make a valiant fight for pennant honors in Claude Davidson's "little" big-league family.

Although all three Abbot heavies, Mitchell, Russell and Hayes, are in excellent condition, it is probable that the management will start the latter individual on the rubber. Eddie right now is experiencing one of the best of his 37's diamond career. Against all comers he has been found to be a hard man to beat.

Friday night, Abbots tackle Malden at Granvilleville. Abbots should win this game with little difficulty and then be in prime condition for the Alumni field tilt the following day. Competent umpires will be procured to handle the affair, which will get under way promptly at 3:15 o'clock.

## HOLD ON TENNIS RACKET IMPORTANT

BY MERCIER BEASLEY  
The A to Z Man of Tennis  
Down on the courts day by day, doing our stuff, we hear many queer complaints about this and that shot, or how the stroke cannot be made. There is a way of hitting him, he comes seeking advice and help is hoping that in a few minutes he will be shown the whole secret and that he will then at once become a champion.

This is, of course, not the case at all. The best thing is to let him hit the balls over the net, if he can, and then observe closely what he is doing. There is a way of hitting him, he harder balls with a twist on them that will in most cases reveal his faults. Then it is a case of building up the stroke by using what is best there in and adding to it what it lacks.

Few average players know what keeps them back. They only go by the scores of their games. They can't Brown, but Jones or Smith, as the case may be, can beat them.

What is the main trouble with most of them? Suppose the question was sent out to all average players. Some men are predicting that he will be on the ball, or that they always faced the net when they made their strokes. The most common fault in tennis is holding on to pressing in golf.

The chief fault in tennis, in fact, is holding the racket too tightly.

The balls are forced over the net by strength of wrist and by muscle and arm.

If you will tally the number of outs in any set you will be able to see that there is some truth in this statement. Take the first serve of the average player; does he get it into the service court with regularity? He does not and he doesn't mind. He loves that first serve, for it is his once chance to break the ball with full power without the loss of a possible point.

Get control first and then speed.

## TUNNEY HAS THE EDGE

American Light Heavyweight Champ Favored in Bout Against Carpentier Tonight

NEW YORK, July 24.—Georges Carpentier and Gene Tunney are due to appear at the New York state athletic commission office at 2 o'clock this afternoon to be weighed in for their 15-round bout at the Polo grounds tonight. At the conclusion of their training grind both boxers recorded unofficial weight figures well below the 175 pound limit. In challenging Tunney for the American light heavyweight title, Carpentier will meet a battler who surpasses him in height and reach.

Carpentier is 30 years old and Tunney 26.

## BLUEBLOOD COLT LIVES UP TO REP

CLEVELAND, July 24.—Great Wah, no gentle reader, this is not the tale of a Chinese magician but the tale of a race horse, the son of a once great father and mother, which made Grand Circuit history.

Great Wah is a handsome chestnut colored colt by Etawah, which Pop Sears once raced on the big line, and Grace, owned by Capt. David Shaw, Cleveland sportsman, and driven in all her engagements by Michael McDowell. Great Wah won a Kentucky Futurity, while Etawah won countless classics.

Capt. Shaw liked this stallion and decided to mate his great mare, after she was retired from racing, with him. The result was Great Wah, his name being obtained by taking the last part of Etawah's name and the last name of the sire of Grace, Peter the Great.

Great Wah won his initial victory over a Cleveland race course just a few days ago and so impressive was this victory that many jockeys and horsemen are predicting that he will be as great, if not a greater, race horse than his father and mother, which is saying a great deal.

He is in color, looks and action much like his mother while he has, apparently, all the courage of Etawah.

## SHAMEEN STRIKE IS STILL DEADLOCKED

CANTON, July 24 (By the Associated Press).—The Shameen strike of domestic and office workers, which started when the European governing bodies established new regulations covering movements of such workers, yesterday remained deadlocked.

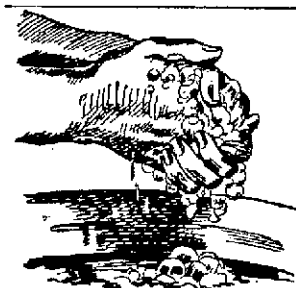

From the point of view of the Europeans, however, the situation was somewhat improved. Reports were received that several Chinese unions had refused to call "sympathetic" strikes, which had been threatened by the strikers.

British coastal steamers, it is reported, have decided to discontinue calling at Canton until the strike is ended. This move is expected to cause trouble for the Chinese residents of the city, as it will cut off to a large extent their source of food supplies. The rice crop here was destroyed by floods, and only a limited stock remains in the city.

Shameen in the meantime is on a semi-military basis.

## MEX REBELS ACTIVE

MEXICO CITY, July 24.—The cities of Puebla and Vera Cruz were plunged into darkness last night when forces under command of the rebel chieftain, Cuadalupe Sanchez, damaged machinery at the Tuxtepec plant according to press dispatches received here. Federal troops were sent in pursuit of the rebels.

## ILLINOIS GIRL BRIDE OF SHERIFF STILL HOLDS ITALIAN NOBLE

ROME, July 24.—Miss Felice Orsini, daughter of the late Governor Richard J. Oglesby of Illinois, was married today to Count Alessandro Censi Bolognini of Rome. The religious ceremony occurred in the private chapel of the famous Palazzo Censi, renowned as the home of the ill-fated Beatrice Cenci, 16th century heroine.

Prince Vigoraro, head of the Censi Bolognini family, was one of the witnesses at the civil marriage performed later in the Capitoline hall.

The engagement of the couple, announced last month, revealed a romance that began several years ago in Rome when the Italian nobleman first met Miss Oglesby, becoming a devoted suitor.

## JAPAN NOT TO APPEAL EXCLUSION LAW

SAN FRANCISCO, July 24.—Japan will make no appeal to the League of Nations against the recent exclusion act, according to Tadashi Okuma, special commissioner to the league at Genoa, and secretary of League of Nations association of Japan, who has arrived here from Japan.

"Our government is silent on the immigration question, and will do nothing in connection with it."

## PARDONED EDITOR

LAS VEGAS, July 24.—After more than 36 hours of legal uncertainty and dispute, Carl C. Magee, Albuquerque editor, under sentence here for contempt of court, was today freed on his way to his home in New Mexico.

The question of executive authority for pardoning in the case of direct contempt is to be thrashed out by the state supreme court.

Refusal of Sheriff Lorenzo Delgado to San Miguel county, to honor the several pardons issued by Governor J. F. Hinkle, resulted in Magee's arrest, securing a writ of habeas corpus from the state supreme court.

The sheriff was served with formal notification of issuance of the writ by the state supreme court yesterday and announced he would start for the capital city early today, with his prisoner.

Surrounded in his cell by every comfort that could be supplied him by his sympathizers, the Albuquerque editor remained in high spirits and expressed himself as being confident of the outcome of the hearing before the higher court.

He reiterated his intention of continuing his fight to drive from office District Judge David J. Leahy before whom he has been tried and convicted twice within the last year.

Magee declared he could continue his course, as mapped out in a statement appearing in his newspaper, the New Mexican, last night.

The statement, which appeared as a communication to the judge declared that Magee did not consider his tribunal a properly constituted court, and alleged that he had not been granted due process of law.

## LAWRENCE MERCHANT DROWNING VICTIM

METHUEN, July 24.—Waving his hands at his wife, Esther, and their two little daughters, who were watching him from the shade of trees on the bank, David Davis, 31, dry goods merchant, was drowned yesterday in the Welch's pond last night.

A moment later he stepped into a hole, disappeared, and failed to come to the surface. Shortly before 8 o'clock his body was recovered by Horace Higginbotham and John Berry, both of Lawrence.

Davis and his family went to the pond early in the afternoon for a half holiday, stores in Lawrence shutting down for the customary weekly half holiday. After a picnic lunch, Davis, who could not swim, the police say, donned his bathing suit and entered the water.

## PUSH WORK ON NEW CEMENT HIGHWAY

The new cement highway being constructed on the Princeton boulevard route, from Lowell to Nashua, has been poured so rapidly by the Jewett company contractors, that it now extends to a point about opposite Wood street in Middlesex village, and only a few hundred yards distant from the city line where this type of paving will end. Shoulders of asphaltic concrete, six feet in width, now are being laid on either side of the cement, which is the plan suggested by the city for that part of the road which is within the city limits, beginning at Livingston avenue and extending to the Chelmsford line.

The entire roadway beyond the city line, as far as the state line above Tyngsboro, will be of asphaltic concrete. Progress in construction comparable with that shown on the local end of the road also has been made on the North Chelmsford and Tyngsboro sections by other gangs.

It is expected that the road will be open for travel this fall.

## ROAD WORK DELAYED

Dracut town officials' failure to discuss with state engineers plans for the rebuilding of Nashua and Mammoth roads and Bridge street, has caused the work to be held up temporarily. Last Friday, the engineers came to Dracut to confer with the selectmen about the highway reconstruction proposition.

Chairman Bert A. Cliff declared that it was his belief that the selectmen and the town highway commission should be the ones to give their opinions upon the work proposed. The members agreed, in formal session last Friday night, that the town should do the job without assistance from the state. However, as the engineers have drawn a contract for the entire job, work will be started on Bridge street as a test. The state will put on a supervisor of the entire project.

The selectmen said they wanted to employ town citizens who were out of work, and believed that the best interests of the town and the taxpayers would be served that way.

## NEW JAP TARIFF

TOKIO, July 24. (By the Associated Press).—The government has notified the American embassy that the 100 per cent tariff on luxuries recently passed by the diet will not apply to goods in transit before July 5. If application is made for such exemption before the tariff act is promulgated. This is expected within two or three days. The ruling meets the principal diplomatic objection to the new tariff.

## BUMPER CROP OF KANSAS WHEAT IS MAKING FARMERS RICH

New Road to Wealth is Through the Wheat Fields—Poor Crops in Canada Cause Favorable Reaction for American Farmers

TOPEKA, Kans., July 24.—Wheat has replaced oil as the source of rapid wealth in Kansas.

Poor tenant farmers who have struggled for years, many of them in the southwestern part of the state who were compelled to appeal to the public for seed wheat loans last fall to seed this year's crop, today find themselves wealthy.

Many others who had purchased farms with small paymegas and, who expected to have mortgages hanging over them are in a position to pay off those mortgages and purchase motor cars and other things they have denied themselves.

Kansas' unprecedented wheat crop has produced all this wealth, and with

## HOMER LORING'S RATES ARE DISAPPROVED

BOSTON, July 24.—Homer Loring, chairman of the state commission on administration and finance, met with a setback yesterday when the executive council, at its weekly meeting in the state house, refused to accept the schedule submitted by him, limiting amounts to state employees for gasoline used in their privately owned automobiles while on state business.

He recommended that employees be allowed from six to eight cents a mile, depending on the type of automobile used.

The council voted to allow eight cents a mile for Fords and similar cars, and 10 cents a mile for all other types of machines. The commission on administration had also recommended that after an employee had operated his machine 5000 miles on state business, the commonwealth should acquire the machine and have the employee operate the car as a state-owned vehicle. This the council refused to adopt.

## ALLEGED SALE OF POISON LIQUOR

NEWARK, N. J., July 24.—Charged with selling moonshine liquor which contained traces of wood alcohol, Frank Wasserman, saloonkeeper, is under arrest today. An analysis of liquor purchased in his saloon showed the presence of the poison, the police reported. William Otter, bartender, was arrested in a raid on the place last night and is held as a material witness.

## ORIGINATED "BROWNIES"

Palmer Cox, Author of Children's Yarns, Dies in Eighty-fifth Year

NEW YORK, July 24.—Palmer Cox, author of the "Brownie" series of stories for children, died today at his home in Granby, Que., at the age of 84 years. News of his death was received by friends here.

Mr. Cox also was an illustrator, illustrating his own works with humorous drawings. The "Brownie" series included more than a dozen books, published from 1883 to 1918.

Born at Granby, Mr. Cox went to San Francisco in 1863 and for 12 years engaged in literary work there. His first book was published in 1875. He was unmarried.

## WILL SUPPORT PROUTY OF LITTLETON

Republican party leaders representing the towns of Chelmsford, Bedford, Tyngsboro, Acton, Littleton, Westford and Carlisle have decided to support the candidacy of Langdon Prouty of Littleton, who has expressed a desire to run for the office of representative from the district covered by the towns named. James Grimes of West Acton, prominent for years in central Middlesex republican politics, has been elected chairman of the 11th Middlesex G.O.P. representative district.

The "pols" of the seven towns plan to hold another rally and held day in Westford, the latter part of August. The Whitney playground has been selected as usual for the political outing. Gov. Channing Cox will be there, with other republican notables from various sections of the state. There will be prominent speakers and band music, with a feast, also provided for the faithfuls.

YOU radio fans probably will smile a bit at my WIW, and wonder just what I am going to say on what you know my favorite topic to be: proper motor lubrication. After all, as the Veteran Motorist, I am privileged to discuss WIW, or What is What in motor lubrication.

I have been driving a car for over 20 years and have gone through the experiences which befall most of us. I have made many mistakes, too. But since Socony Motor Oil came on the market, I have stopped worrying about lubrication. Furthermore, I have stopped paying excessive repair bills. I used to be one of those chaps who thought it economical to save 10c on the gallon, and then perhaps pay \$140.00 three months later "for repairs and overhauling." I do not do it any more. Since then I've filled up on Socony Motor Oil and forgotten my worries and saved money. That's why I insist upon broadcasting a good thing. That's why I am never weary of proclaiming that Socony is WIW in motor oils.

## Jack Daw's Adventures. Chapter 4

Then Jack came to a curve in the ice path and he slid right around it. Looking back, he discovered that the sailing ship was now out of sight. He shouted "Help!" as loud as he could, and immediately heard a reply. "We're coming after you!" yelled one of the crew. And Jack kept on sliding.

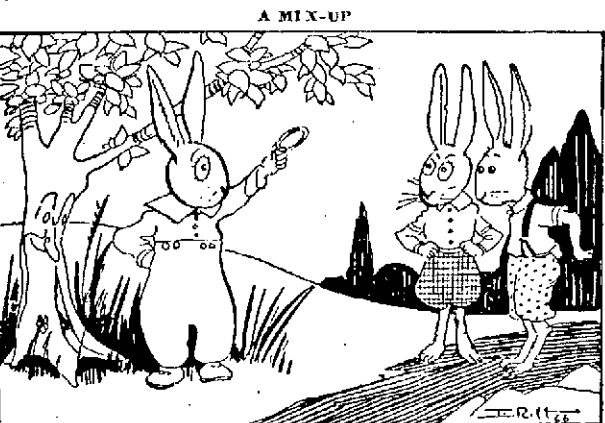

Back on the ship there was a great commotion. The captain was giving orders as fast as he could and two sailors were preparing to go to Jack's rescue. Several coils of rope were gathered together and then the sailors went over the railing and down to the iceberg.

Very few minutes had really passed since Jack first started to slide on the ice. But everybody knows how fast you can slide, and by this time he was far away from the ship. Suddenly he saw an open space ahead. It was level and Jack felt sure he could stop when he reached it. (Continued.)

## ADVENTURES OF THE TWINS

Olive Roberts Barton

The next day Cutie Cottontail woke up bright and early. That was really one reason why he went to bed so early the night before.

And he got dressed in a hurry and slipped on the trousers his mother had mended for him. But he never thought of looking in the pockets. If he had, he might have saved himself a whole lot of trouble later.

He wanted to show the lucky brass ring he had got on the merry-go-round at Happy Go Lucky park to all of his friends.

Then after that he was going to the park and set his free ring, which the brass ring entitled him to.

You had to be pretty smart to get the brass ring. It stuck pretty hard and you had to pull like everything.

"I'll go and show Ben and Billy Bunny first," he said. "They'll never believe me if I don't show it to them!"

"I'll-why, hello, here, what's this?" he cried, picking something up from the front porch. "Why, it's my brass ring! How did it ever get out here? I must have dropped it when I was coming in last night! Lucky I found it before I got too far away!"

So he put it into his pocket, not knowing that it was the very curtain ring his mother had been looking for and which she had dropped when the postman came.

Away he went whistling to the Bunny's house.

# SCHOOL BOARD VOTES TO RAISE SUPERINTENDENT'S SALARY

Committeeman Delaney Gives Notice of Reconsideration  
at Next Meeting—Salary Increase Voted by Majority  
is \$1000 a Year and Mr. Molloy Says He Will Collect

A salary increase of \$1000 a year was voted by the school board last evening, but the increase is held in abeyance until the next meeting, when the committee will report on the action in filing notice of recommendation.

Five janitors and a janitress were elected to serve as the needs of the department may require and two art instructors were elected, one for the high school and one for elementary schools.

The meeting, scheduled for 7 o'clock, was called to order at 7:20. The minutes of three previous meetings were read and accepted. The records were long and the reading took 25 minutes.

The resignation of Mrs. Olive Everseth Peck, a kindergarten teacher, was accepted and the superintendent was instructed to send the customary letter of appreciation of services.

On recommendation of the superintendent, Miss Elizabeth Harrigan was named a substitute teacher at the high school.

George Haggerty was re-elected high school track coach on recommendation of the superintendent and his salary was increased from \$500 to \$700 owing to the fact that the track season has been lengthened two months by the inauguration of outdoor track activities.

Supl. Molloy requested the election of two art instructors, one for the high school and one for elementary schools. He read the names of Miss Ruth Munson, Miss Wilhelmina Young and Miss Marion Turner, as applicants and stated that all were satisfactory for the work.

On roll call, Miss Wilhelmina Young was unanimously elected on the first roll call, and Miss Ruth Munson received six votes on the second. Mr. Riley voting for Miss Turner.

The committee favored the purchase of land in Center street adjoining the Butler school for school purposes. A committee consisting of Messrs. Delaney, Cameron and Riley was named to investigate the advisability of purchasing land adjoining the Greenhage and Varnum schools.

In accordance with a vote of the last regular meeting, Supervisor of Janitors Thornton submitted the following eligible list for janitors: Eli Hart and William F. Lane, tied for first place; John S. O'Donnell, Murray and Alfred B. Gagnon. Mr. Delaney moved that four from the list be named as janitors to be employed as the needs of the department may require. Mrs. Pearson questioned the mayor concerning the advisability of naming so many substitute janitors owing to the financial condition of the city.

On the first roll call, Eli Hart was elected, receiving the votes of all members but Mr. Riley, who voted for Mr. O'Donnell. William Lane was elected on the second roll call. Mr. Riley, Mr. Bruin and Mr. Delaney voting for Mr. O'Donnell. Mr. O'Donnell received a majority on the third vote. Mrs. Pearson voting for Mr. O'Donnell. Terrance J. O'Loughlin was elected on the fourth ballot. Mrs. Pearson again dissenting and casting her vote for Mr. Gagnon.

Mr. Delaney requested permission to

## CASES CALLED IN THE DISTRICT COURT

Frank Plentura was fined \$10 in district court this morning for assault and battery.

Samuel A. Goulet failed to appear in answer to a charge of breaking and entering and larceny, and was ordered defaulted. Napoleon Cliche, second defendant in the same case, was continued to July 29.

Karol Baron pleaded not guilty to a complaint charging him with receiving stolen property, and was continued to July 20. A charge of larceny of cloth from a local mill was dismissed.

Albert Levasseur, arrested last evening by Officers Mulvey and Lavelle, for operating an automobile while he was under the influence of liquor, was continued to July 29.

Continuance of one week was granted in the case of Katherine Cakius, charged with assault and battery.

**GAVE BLOOD**

Private C. L. McGinn of the army medical corps gave his blood during the war. And he is giving it in peace time, too. In the last few weeks he has submitted to two transfusion operations in San Francisco. In each instance he saved another's life.

**BIDS OPEN ON TRUCK**

Bids were opened in the office of the purchasing agent on the truck for the water department and were as follows: Winthrop Motor Co., \$4250 and \$250 for extras; Four-Wheel Drive Co., \$4000 and \$4500; American LaFrance Co., \$6223.14; Mack Motor Co., \$5500 and \$76 for extras; Federal Truck Co., \$5100; Prince-McCann Co., \$4487.89; Buick Motor Co., \$4900 and \$5145.

## SERVICE BOARD GRANTS WAGE INCREASES

Pay increases were voted to the superintendent of the ashes and waste department and four chauffeurs of the street department, at a special meeting of the public service board held yesterday afternoon in the city engineer's office.

The four chauffeurs who were voted increases are Thomas Rodgers, Charles J. Higgins, Michael Welch and Michael J. Fagan. Their pay was increased ten cents an hour from \$5 to 75 cents.

The salary of the superintendent of ashes and waste Michael H. Harrington was increased from \$40 to \$45.50 a week.

All members of the board were present at the meeting and the increases were voted unanimously.

The board also voted to instruct the purchasing agent to the construction of a 2 1/2 ton truck requisitioned for the water department must meet with the approval of the board.

The city engineer asked permission of the board to employ an assistant engineer to take the place of the one recently transferred to the lands and buildings department. Permission was granted unanimously.

The clerk was instructed to notify the city solicitor to draw up an ordinance concerning the inspection of drains from houses to the city sewer which would call for abutters to pay for such inspection.

now connecting the thriving community across the Merrimack with the city proper.

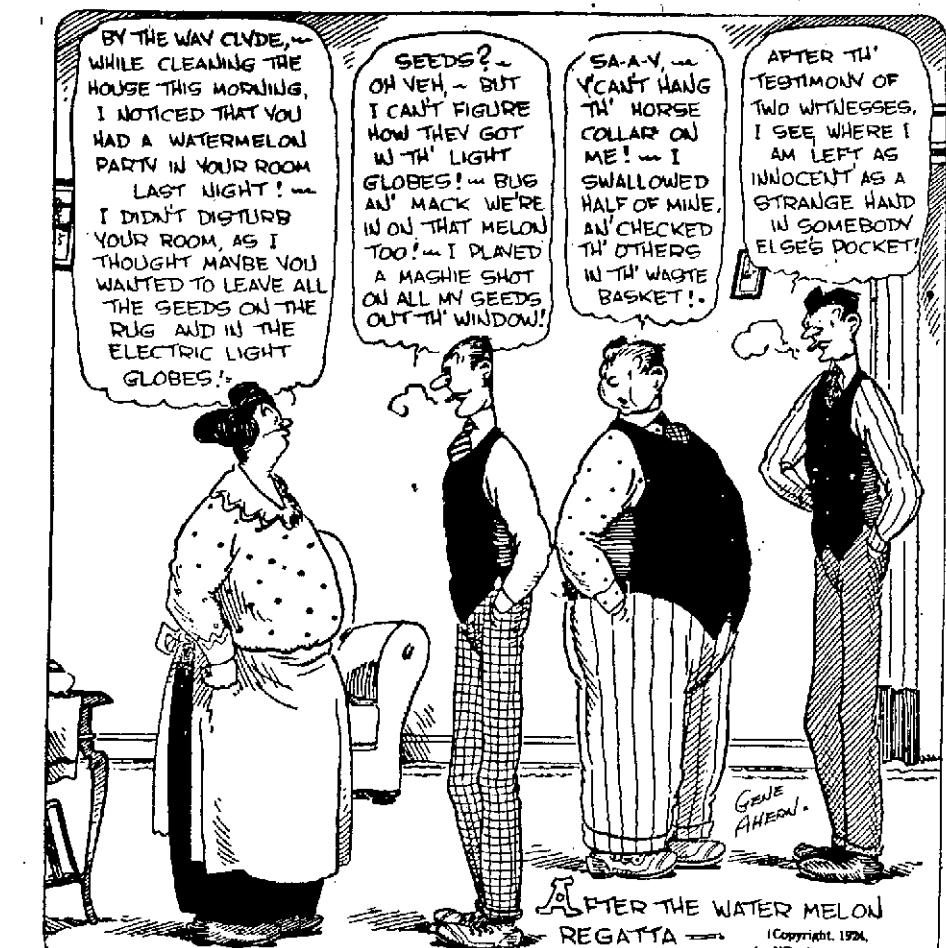

Mr. Mahoney's statement and plea, which represents the entire membership of the Improvement committee and the association membership personnel, is as follows:

"Ever since the presumed reconstruction of the old structure, the residents of Lowell's largest and fastest growing section have been in constant fear, when crossing Central bridge, that another section of it would drop out from under them and they would be precipitated into the waters of the Merrimack below.

"There is not the slightest doubt that the bridge, in its present condition, is dangerous, not only to traffic but to the structure itself. On the lower side of the bridge, two or three sections of the rail are held together by ropes, wires and stakes. Nearly everybody knows that about every day the repair gang is called upon to patch up another hole in Central bridge.

"Holes have appeared in the present structure so frequently that it is feared that, in the near future, an accident will happen that will cost the

BOSTON, July 24.—Managers of the Standard and Jockey Oil companies said yesterday that they were long May or Quigley of Chelsea may continue to sell 17 cent gasoline and 12-cent oil, the big companies will not come down on their prices.

Mayor Quigley says, however, that he will sell gasoline for 17 cents till the large companies do lower their prices. Meanwhile long strings of automobiles are constantly lined up for the 17-cent gas at Municipal Station No. 1, Chelsea.

Yesterday, the second day of cheap gas and oil there, more than 1000 gallons of gas were sold at that station in a little over 2 1/2 hours. Employees at the station declared the mayor has a contract under which a big company will deliver as much 17 cent gas to him as he can get rid of.

The managers of the Standard and Jockey companies stated that sales of 5000 to 6000 gallons a day, former could not affect their business. They declared that the mayor is selling at tank-wagon price because he is using municipal help in handling and selling and has no overhead expense.

## WANTS TO SERVE AS LEGION COMMANDER

Geo. A. McCarthy, senior vice commander of Lowell Post No. 87, American Legion, and delegate to the state convention at Pittsfield, has announced his candidacy to succeed Commander Colin C. MacDonald when the latter's term expires. Mr. McCarthy has always been active in the affairs of Lowell post and is a member of the 49th 8th, the fumyknag branch of the legion.

city many thousands of dollars. As it is now, every time the repair gang is called to the bridge, it costs the city in the vicinity of \$15.00. When you take into consideration that the bridge has a new hole in it several times a week, you will readily see that the present structure is a very costly proposition—not to speak of the danger to the public using it daily.

"The improvement committee of the association has been receiving so many complaints, not only from people living in that section, but from business and professional men, who have occasion to use the bridge daily, that they decided to bring the matter before the city council. This action was taken last evening and the body gave the improvement committee full power to go ahead and petition the city council for a new bridge, and to use every means within its power to secure the erection of a suitable bridge in place of the present obsolete structure.

"After the regular meeting of the association, the committee held a special meeting, at which time it was decided to circulate petitions among Centralville residents and others who desire to help, asking for a new and wider bridge and requesting a public hearing on the matter in the near future.

The roster of the improvement committee of the Centralville association, is as follows: Chairman, John J. Mahoney; E. A. Wilson, Fred N. Viner, Nathan C. Lamson, President; Thomas B. Harvey, Herbert McGrill and Charles B. Garmon, secretary.

## REDMOND FIRM HITS WARD LINE RECEIVER SUES THE OWNERS

BOSTON, July 24.—The department of public utilities sent notices yesterday to G. F. Redmond and Co., Inc., and Withington and Co., registered stock brokers, against whom complaints have been made with the federal authorities, that at 10.30 a.m. tomorrow, there will be a hearing at the state house to show cause why the registration of the two brokerage firms should not be revoked.

This action was taken under the "blue sky" law, which provides that the commission may serve notices on any registered broker who conducts his business in a fraudulent manner. The testimony and records of the United States court can be introduced as evidence. Inspector Silas Wall of the commission, will offer such evidence at the hearing.

## WOMAN COLLAPSES ON WITNESS STAND

Mrs. Hugh McNeely called as a witness against her husband in a non support case in district court, this morning, fainting on the stand before she could offer testimony, and had to be assisted to the clerk of court's office. Her collapse made necessary the continuance of the case until next week.

The defendant is charged with drunkenness and non support. A plea of not guilty was entered on the latter complaint, and when the continuance was ordered by Judge Enright, McNeely was given to understand that he must remain away from his wife's house until the case is disposed of, as the woman expressed fear that his previously alleged threats might be carried into execution.

countries, and looking to resumption of diplomatic relations. Negotiations toward that end have been under way intermittently for several years and at present conversations at Peking between L. M. Karakhan, recently named Soviet ambassador to China, and Kenkichi Yoshizawa, Japanese minister to that country, stand in a condition of recess, pending Mr. Yoshizawa's return from a visit to Tokyo. The government's decision as taken today will form the basis of instructions which the minister will take back to Peking with him, instructions which will be able to interpret in the light of facts gained on an inspection trip through northern Szechuan. This return will be made next week and Mr. Yoshizawa is expected to resume his conversations with Mr. Karakhan shortly thereafter.

The vernacular press here declares that the cabinet fully accepted Baron Shidehara's program, which was framed in such terms as to satisfy both the army and the navy. The latter always a powerful force in Japanese diplomacy, long has desired to retain for Japanese use the resources of northern Szechuan, a territory which Japan has held under occupation, for some time, pending reparation for the massacre of some six hundred Japanese troops by citizens of Nikolchek on March 11 and 12, 1920, by Soviet forces.

Wallo officials decline to discuss the new policy the vernacular newspapers agree on its main outlines. They declare that it means "concessions" to Russia. It is indicated that principal items in the new stand are that Russia shall apologize verbally for the Nikolchek massacre and shall grant long-term concessions to Japanese interests for mining and lumbering in northern Szechuan. The provisions of the Portsmouth treaty, which ended hostilities between Japan and czarist Russia, shall be retained with a provision extending Japan's fishing rights in Siberian waters, and that the question of payment of debts contracted by the czarist regime shall be left for settlement after conferences have been held with Great Britain and Italy.

# ESCAPED MURDERER DIES FROM WOUNDS OF GUN FIGHT

Baltimore Youth Who Assaulted Jailer With Bunk Leg  
and Escaped, Captured in Duel With Detectives  
—Faulty Pistol Failed to Fire

BALTIMORE, Md., July 24.—George Gross, one of the four youths convicted of the murder of Louis Cohen, jeweler, in a daylight robbery, died last night of gunshot wounds.

He had escaped from the city jail early yesterday and was wounded four times in a gun fight with detectives when he was discovered hiding in a room within a block of the jail. The pistol the 19-year-old prisoner drew failed to go off when he pulled the trigger twice.

Gross made his escape from the jail after knocking a guard unconscious with an iron bar.

## FISHERMEN ON STRIKE

Tie Up Boats When Canneries Decide to Reduce Price Allowances

SAN DIEGO, Cal., July 24.—Over 1500 fishing boats were tied up here and at San Pedro today and more than 2000 cannery employees were out of work as a result of a strike of fishermen begun yesterday in protest against a reduction in the price paid by canneries for albacore.

A phenomenal run of albacore, or white meat tuna, was indirectly responsible for the strike action. The fishermen insisted on an increase of \$20 a ton despite their great profits because of the big run. Delegates of the Fishermen's Protective association and the Japanese Fishermen's association said that the operators not only refused the increase, but sharply reduced the price offered. The retail price of canned tuna was reduced accordingly.
